

COAL STRIKE MOVES TO SHOWDOWN

SIGLER OPENS
UP BLAST AT
STATE GRAFTCANDIDATE SAYS HE
IS OUT TO END
McKAY RULE

Detroit, May 8. (P)—Kim Sigler, candidate for the Republican nomination for governor, tonight in a campaign address replied to Lt. Gov. Vernon J. Brown's demand that he "name names" in his charges of graft in the present state administration.

Sigler declared "I find that one of my opponents has been unable to see graft and corruption when it existed all around him. And now—after he has been a state officer for over a decade—he asks me to 'name names.' Well, I don't know what good it would do if I did tell him, because he would not know what to do about it."

"He must have been surprised when we did name and convict 41—because he sat right there in the official family when the convicted ones were notoriously giving and accepting bribe money * * *. He never turned a hand to expose one of them. And for all he did, they would still be operating. Why the very office which he now occupies in the capitol was used as a place to pay bribes at a time when he was the auditor general of Michigan."

Stock Deal Questioned

Referring to Brown's statement that no state official had been accused of graft since Jan. 1, 1943, when the present administration took office, Sigler declared:

"In the Wayne county circuit court recently, Judge Miller found that the head of the Detroit Racing association paid over to the former attorney general of Michigan some \$15,000 for a pretended fractional share of an undeveloped and worthless iron mine, under exceedingly suspicious circumstances. The candidate who made these statements must know—and certainly remembers—that there was a racing bill pending in the 1943 session of the legislature which was intended to give the state some two million dollars annually in addition to what had been paid * * *. Surely the candidate from Mason has not forgotten that on Dec. 2, 1944, an indictment was issued against Frank D. McKay, Floyd Fitzsimmons, a lobbyist, and William Green, a member of the legislature, in which the three of them were charged with conspiracy to corrupt the legislature on that particular bill of the 1943 session."

Sigler said "There are those who are naive enough to claim that Frank D. McKay does not have a hand in the affairs of state government. I know he does have, and if I am elected governor I shall put an end to his domination and control of any phase of government."

"I find," Sigler added, "that one of my opponents, who happens to be the mayor of a great city, is baffled by threats of extortion leveled at a group of unoffending small business people. Can it be that he, too, has forgotten that extortion is a crime in Michigan?"

INMATES INTERVIEWED

Lansing, May 8. (P)—Interviews of approximately 75 inmates of the state prison of southern Michigan were begun today at the Jackson state police post by the Senate committee investigating Michigan prison and parole system.

MAY RETURN WAR DEAD

Washington, May 8. (P)—Congress gave final approval and sent to President Truman today a bill authorizing return of the nation's war dead to this country for burial. The war department would return and bury the bodies of any war dead whose immediate family requests such action.

Extension Of Draft
Urged As Necessity
To Preserve Peace

Detroit, May 8. (P)—Secretary of War Patterson declared tonight in an urgent plea for extension of the draft that world peace hinged on keeping up the American army's strength.

He told the Detroit Bar Association that the United States would have to end its occupation of Germany and Japan if the army were permitted to "dwindle away" and added in a prepared speech:

"If we pull out, the chances are that we will be fighting a third world war in the near future."

Noting that the draft act expires next Wednesday unless Congress extends it, the war secretary expressed belief that of every man, woman and child in it, requires that selective service should be extended."

If the act is permitted to expire, he predicted a sharp drop in recruiting with the result that the number of volunteers would fall far short of the army's manpower requirements.

"Holiday" Opposed

Patterson said further that "it would be definitely hazardous to the country with the extension, as the House has done, a condition for a five months 'holiday' from selective service and a condition exempting all 18 and 19-year olds."

"The fact is that if these ages are excluded there will be only a handful subject to induction," he contended.

"The army's requirements in manpower, if it is to do what the country expects of it by way of preventing another war, is a force of 1,550,000 men by July 1 of this year. The requirement is estimated to drop to 1,070,000 by July 1, 1947."

"These estimated requirements represent the best judgments of General Eisenhower and they are the minimum requirements. Not even the most severe critic claims that they are too high."

Patterson said that the recruiting campaign had brought in 730,000 volunteers in seven months but noted that the rate had dropped from a peak of 185,000 last November to an estimated 60,000 in April. Further he said that it was fairly certain that most short term enlistments of 12 and 18 months would be taken place had the "holiday" been in effect.

LYON TO FACE
PAYOFF CHARGEFormer State Police
Officer Returns For
Slot Machine Case

Glendale, Calif., May 8. (P)—Lawrence A. Lyon, former chief of the uniformed division of the Michigan State Police, today signed a waiver of extradition and will return to Michigan to face an indictment charging a slot machine conspiracy.

Police said he would return to Lansing, Mich., as soon as a plane or train reservation was available.

At Lansing, Circuit Court Judge Louis E. Coash today set May 15 for municipal court examination of Door T. Feldman of Lansing, indicted with Lyon.

Feldman demanded examination on the charges brought by the Ingham county one-man grand jury, and was released on \$5,000 cash bond.

Joseph Monte Franks, another defendant whom Judge Coash named as partner of Feldman in the control of slot machines, previously had been arraigned and released on \$5,000 cash bond. His examination also was set for May 15.

Lyon told California reporters that "this is all a political deal. The Michigan authorities knew at all times where I've been. In fact I promised to return there at any time. At no time did I try to conceal myself."

Ora Ray Messner of Mottville, Mich., described by Judge Coash as former partner of Feldman and Franks, was named as a co-conspirator in the warrant, but not a defendant.

Technical Advisor
Aids Negotiations
In Iron Mine Strike

Lansing, May 8. (P)—In an effort to aid negotiations between mine owners and striking iron miners at Ishpeming, Franklin G. Pardee, state mine appraiser, was called in today by the state labor mediation board to act as a technical advisor.

Philip Weiss, mediation board chairman, said Pardee, a conservation department geology expert, would be asked to take part in meetings between operators and the United Steel Workers (CIO) in the 90-day old labor dispute.

SOVIETS SNUB
U. N. AGAIN ON
IRANIAN ISSUECOUNCIL POSTPONES
CONSIDERATION
OF CASE

BY FRANCIS W. CARPENTER

New York, May 8. (P)—Soviet Russia snubbed the United Nations Security Council today on two counts on the Iranian issue and the council then postponed consideration of the case.

Great Britain's delegate, Sir Alexander Cadogan, bluntly characterized the absence of Soviet Delegate Andrei A. Gromyko from the council chamber as an "evasion of responsibility or obligation."

Australia's representative, Paul Hasluck, demanded that the council or some competent United Nations body clarify the entire veto issue and the action to be taken when a member delegate absents himself from the council deliberations.

Tehran Report Asked

The 10 sitting delegates adopted a resolution proposed by Edward R. Stettinius, Jr., United States delegate, calling on Iran to report by May 20, or sooner if possible, on the withdrawal of Red troops from Iran.

The council on April 4 had requested both Russia and Iran to make such a report by May 6. The delegates pointed out today that Russia had ignored the council on two points:

1. Delegate Andrei A. Gromyko was absent from the session.
2. No report had been received from Russia on the Iranian case.

Stettinius' resolution significantly asks for a report only from Iran. It does not request a report from Russia.

The council adjourned after sitting 43 minutes, subject to the call of the chairman.

Responsibility Evaded

The British delegate, declaring that the absence of a delegate does not stop the work of the council, said that "it is quite true that we all sit here, largely having a sort of responsibility to the totality of the members of the United Nations, and to remain away from any of our discussions can be considered to amount, to a certain extent, to an evasion of that responsibility."

"Well," Sir Alexander added, "that is a matter which any member of the council must settle with his own conscience."

Hasluck proposed that the council ascertain from the absent Gromyko just how he regards the effect of his absence from the table.

He pointed out that each member of the council, whether permanent or non-permanent, "acts in a representative capacity that extends beyond the representation of his own government."

"Can we entertain a situation where a member holding office under such conditions can select an occasion on which he does not choose to act as a representative?" he said. "If we entertain that idea for a moment, it would undermine the whole structure of this body."

Democracy Rugged;

Tokyo's University

Turns Down Prince

BY DUANE HENNESSY

Tokyo, Thursday, May 9. (P)—Democracy in Japan is getting rugged; Tokyo University has refused to admit a royal prince who failed its entrance exams.

He is Prince Morihito Higashikuni, son-in-law of Emperor Hirohito. The 30-year-old army captain married Hirohito's first daughter, Teru, in 1943.

While the prince was flunking, some girls passed—the first women students ever admitted.

The whole idea of princes going to common schools is strictly post-surrender. Previously, they attended peers' schools and had tutors.

While Prince Higashikuni found his aim of mixing with commoners in the classroom blocked by his examination grade, Prince Kuniyoshi Kaya, 24, member of a branch royal house, passed easily the Kyoto Imperial University tests.

Mother Of 15 Picked
As Catholic Mother
Of Nation For 1946

Washington, May 8. (P)—Mrs. Joy Seth Hurd of Lakewood, Ohio, mother of 15 children, has been chosen the Catholic mother of the United States for 1946 by the National Catholic Conference on Family Life.

Dr. Edgar Schmiedeler, director of the National Welfare Conference's Family Life Bureau, disclosed the choice today.

SLASHER NABBED — Blood-stained Herman O'Brien, 32-year-old ex-GI of Leighton, Pa., under arrest after slashing his wife's throat amid a startled crowd on a New York subway station. Mother of his two children, his wife is in critical condition. She left him in March, refused his pleas to return. (NEA Telephoto.)

PEACE TREATY
MEETING FAILSForeign Ministers Break
Up In Discord Over
Russian Demands

BY JOSEPH DYNAN

Paris, May 8. (P)—U. S. Secretary of State James F. Byrnes proposed abruptly tonight that the conference of foreign ministers recognize its failure to agree on terms for Europe's peace treaties and refer their differences to a 21-nation peace conference June 15.

The ministers' conference appeared to be breaking up in discord between the Soviet Union and the western powers, and a member of the American delegation said that while it probably would last into next week, there seemed little hope of resolving the major differences.

Byrnes' proposal won prompt support from both Foreign Secretary Ernest Bevin of Britain and Foreign Minister Georges Bidault of France. But Soviet Foreign Minister Vyacheslav M. Molotov demurred.

"At Moscow," Byrnes was quoted by an American source as saying, "there was a promise to the world that we will have a peace conference. We must carry out that promise. That will be the best celebration the world can have on V-E Day."

American sources said Byrnes cited as the American position a pledge by the Moscow conference last December by the big three to the French—that the European peace conference would be no "rubber stamp" but would have the real purpose of advising the great powers. Thus, Byrnes was said to have pointed out, there was no real need for the foreign ministers to achieve complete accord.

**Enlisted Men May
Get Terminal Pay**

Washington, May 8. (P)—The house military committee recommended today that enlisted men be given the same terminal pay benefits accorded officers, but that in the future the payments be dropped for everyone.

It approved legislation giving enlisted men of all services the right to receive pay, at the time of discharge, for all furlough time to which they were entitled but which they did not actually receive.

The pay would be at the rate of compensation and allowances received at the time of discharge and would be computed on the basis of two and one-half days for each month of service, up to a top of 120 days.

Truck Fleet Sought
By Railway Express

Lansing, May 8. (P)—Emergency authority to operate a truck fleet in the state has been asked by the American Railway Express company to speed express deliveries because of the strike-curtailed passenger train service.

The state public service commission said that the express company had asked permission to make daily motor runs in areas where passenger trains will operate on restricted schedules because of the coal strike.

Officials said the truck service was designed primarily for perishable commodities, medical supplies and foodstuffs.

YANKS PARADE
IN FRANKFURT
WITHOUT GUNSHUNGRY COUNTRIES
FEEL NO GAIETY
FOR V-E DAY

BY THE ASSOCIATED PRESS

London, May 8. (P)—German civilians, a year ago stunned by the overwhelming might of Allied arms, looked on in amazement today as given United States troops, less than half of them armed, paraded through the streets of Frankfurt in celebration of the victory in Europe.

The V-E day anniversary passed virtually unnoticed in Britain. In France a brief ceremony was held at the Arc De Triomphe. In the Soviet Union the day was marked by complaints of the press and radio with the way Russia's Allies were meeting the problems of Europe.

In crushed Italy V-E day was a holiday but there was no air of gaiety among a people depressed by the lack of food and the fear of a harsh peace settlement.

Marshal Tito told his army in a Belgrade broadcast that Yugoslavia would demand the return of territories ceded to other countries "under an unjust peace after the first World War," apparently referring to Trieste.

Berlin One Day Late

Sweden, which escaped the war, observed the anniversary with one minute of silence and the ringing of church bells. Large sums were collected for the starving children of Europe.

Generalissimo Francisco Franco's Spain announced that 16 Germans regarded as obnoxious by the United States and Britain would be returned to Germany.

In Berlin a four-power victory parade was postponed until tomorrow at the request of the Russians, who still were fighting a year ago today. But the Americans held their parade in Frankfurt and it was noteworthy for its lack of evidence of military power.

Just 4,000 troops, most of whom never saw combat in Europe, paraded with two machineguns, a few hundred rifles and two light armoured cars past the reviewing stand of Gen. Joseph T. McNarney, U. S. commander in Europe, while German civilians exchanged whispers or looked on in stony silence.

Failure Of Electric
Chair Gives Negro
New Chance To Live

St. Martinville, La., May 8. (P)—A stuttering, 17-year-old condemned Negro slayer was given a new temporary lease on life today while Louisiana's supreme court decided whether a man may be made for the second time to walk the last mile to the electric chair.

Saved last Friday by the failure of the state's portable electrocution equipment, Willie Francis got another reprieve less than 24 hours before he again was scheduled to die for the 1945 slaying of a St. Martinville druggist.

Lieut. Gov. J. Emile Verret, the state's acting chief executive while Governor Jimmie H. Davis is in Washington on business, granted a 29-day stay to be effective while the supreme court is studying the legal aspects of a case unparalleled in Louisiana history.

In the death cell of the parish jail at nearby New Iberia, Francis took with a broad smile the news that Verret had acted, at the request of Chief Justice Charles A. O'Neill.

British Loan Gets
Over First Hurdle;
Draft Law Is Next

Washington, May 8. (P)—The British loan proposal barely cleared the first major hurdle in the Senate today and Majority Leader Barkley (Ky.) expressed hope of its passage tomorrow to make way for rescue of the expiring draft law.

Supporters of the \$3,750,000,000 voted down, 45 to 40, an amendment that would have required the British to give title in the United States on Atlantic bases now held under 99-year lease.

The next test will come tomorrow on a motion by Senator Edwin C. Johnson (D-Colo.) to switch the legislation over to the House on the ground that it is revenue-raising and should originate there.

The draft law will expire May 15 under present law.

Senator Gurnea (R-S. D.) who has been leading the fight to extend the draft the full year asked by the administration, said he expects the extension to clear Congress before the deadline.

Embargo Strangles
Michigan Business;
Detroit Dims Out

BY THE ASSOCIATED PRESS

Michigan began a state-wide inventory of coal supplies today as a strike - caused fuel shortage gripped industry, transportation and utilities in a tightening fist.

Governor Harry Kelly directed Capt. Donald E. Leonard, state director of the Office of Civilian Defense, to survey coal piles throughout Michigan, ordered the capitol dome darkened, and conferred with the state public service commission on fuel-conserving measures available to the state.

The city of Detroit reverted Wednesday night to a wartime "brown-out" that the Detroit Edison Co. said will be extended in the near future to 13 southeastern Michigan counties.

In Lansing, the Consumers Power Co. met with the public service

commission to discuss a reduction in power service throughout most of the rest of Michigan.

Both companies told the commission they have coal supplies on hand to last only through May 21.

The public service commission revealed that the American Railway Express Co. has asked for emergency authority to operate a fast truck fleet for express deliveries during a curtailment of passenger train service resulting from the national soft coal walkout.

The state already faces a 25 per cent reduction of service on coal-burning railways, and a further 25 per cent slash in schedules has been predicted for May 15.

In Detroit the first of 110,000 Ford Motor Co. employees were laid off as the company prepared for a national shutdown early next week.

Chrysler Corp. indicated it cannot longer continue operations in the face of a government embargo on rail shipments.

The Battle Creek, Mich., plant of the Oliver Corp., one of seven in the middle west, is scheduled to shut down Friday, also strangled by the embargo.

Despite drastic travel curtailment, the Barnes Bros. Circus announced that it will open in Detroit on schedule May 15. The show will take to the road from Chicago to Detroit in trucks carrying generators for electrical power.

DELTA COUNTY
DEBT TRIMMEDAuditor General Offers
To Accept \$10,000
For \$45,216

Lansing, May 8. (P)—Auditor General John D. Morrison proposed today that the state accept a \$10,000 payment in final settlement of a \$45,216 debt owed by Delta county over a period of years.

The debt was said to consist mainly of overdue payments for hospitalization and medical care for county patients. Of the total, \$21,255 was owed for medical treatment of adults, \$11,026 for treatment of county patients at the Michigan State sanatorium, and \$12,937 to the Newberry State hospital.

Morrison asserted the county had been abiding by an agreement to pay at least \$100 a year on the debt, but that he saw no chance of recovering the total within a reasonable period of time. He said the county had acquired approximately \$10,000 from the sale of county property and was willing to pay it to the state in settlement of the debt.

He left today for a week's Upper Peninsula trip during which time, he said, he would discuss the proposal with Delta county officials.

Walkout Averted
For Michigan Bell
Workers In Detroit

Detroit, May 8. (P)—Officials of the Michigan Bell Telephone company announced shortly before midnight that a threatened Thursday walkout of 3,000 Detroit operators and clerical workers had been averted following a day-long negotiating session.

Spokesmen for the Michigan Telephone Employees Association (Ind.) confirmed the agreement, but said no announcement would be made of any change in plans for the walkout until the new contract terms are signed, probably later tonight.

Company officials said the company had reached agreement with the union on new clauses covering both employees and clerical workers.

Michigan Air Tour
Dates June 22-30

Lansing, May 8. (P)—Dates for the Michigan air tour were fixed today for June 22 to 30, Wayne J. Sheldon, tour manager, announced.

Sheldon said the touring pilots would leave Lansing June 22 over an itinerary tentatively scheduled to include: Grand Rapids, Marquette, Frankfort, Charlevoix, St. Ignace, Sault Ste. Marie, Newberry, Laurium, Ironwood, Land-O-Lakes, Wis., Iron Mountain, Escanaba, Rogers City, Alpena and Midland.

Cities not included in the tour will be visited on the national summer plane cruise next fall.

Wheat Price Pushed
Up By Government

Washington, May 8. (P)—The government announced jumps in the ceiling prices of wheat, corn and other grain and livestock feeds tonight in a new effort to remedy the food situation at home and abroad.

The increases of 25 cents for a bushel for corn, 15 cents for wheat, five cents for oats, nine cents for barley, and 10 cents for rye, will become effective May 13. One purpose is to get grain for famine areas.

GREAT LAKES
ORE CARRIERS
BEING TIED UPFUEL CRISIS MAY
PARALYZE ALL
INDUSTRY

Washington, May 8. (P)—A far flung dimout was urged by the government tonight, and steps were in preparation for nationwide rationing of manufactured gas as the coal strike crisis moved rapidly toward perhaps the most momentous showdown in the country's peacetime history.

The Civilian Production Administration called on electric companies to put into effect a rationing system, starting with a "brownout" and progressing to a blackout of all except the most vital services.

OVER 800,000 IDLE

The 39-day-old bituminous coal strike chart gave these readings today:

Idle: Unemployment figures soar to at least 869,000 with workers in related industries joining 418,000 idle soft coal miners at accelerated pace.

Settlement: None in sight.

Miners: Quiet returns to strike front after flare-up which killed one and wounded six Tuesday in Harlan county, Ky.

Automobiles: Chrysler and General Motors watch situation closely as Ford starts lay-off of 110,000.

Railroads: Slash of passenger schedules continues; freight embargo effective at midnight tonight, expected to wreak further havoc.

Utilities: Detroit joins major cities invoking conservation "brown-out."

Steel: Production dropped, unemployment gaining with at least 54,000 now idle. U. S. Steel reports 41,000 jobs in Pittsburgh and Chicago district plants.

CPA prepared another order authorizing the rationing of manufactured gas where necessary. Expected to be issued tomorrow, it provides that companies making such gas may, at their discretion, curtail service to consumers.

Simultaneously, the Association of American Railroads announced that 400,000 men employed in industries served by the railroads have been laid off as a result of the strike.

With the paralyzing effects of the fuel shortage spreading rapidly throughout the economic system, it became apparent that some sort of "break" would have to come soon.

No Progress With Lewis

But there was yet no change in the stalemated negotiations between John L. Lewis and mine operators. "No progress" was the report on the day's talks.

A group of congress members moved for quick action on strike control legislation. Senator Eastland (D-Miss.) announced to the senate that he and others would seek tomorrow to put aside the British loan legislation to take up the senate version of the Case bill passed by the house. Eastland described the senate labor committee's version of the bill as "milk and water" but served notice an

Concert By String Ensemble Pleases Town Hall Patrons

Appearing before a large audience at the William W. Oliver Memorial Auditorium last night, the Chicago String Ensemble presented an evening of delightful music, and brought to a conclusion the series of Town Hall programs for this year.

The ensemble, under the capable direction of Rudolph Reiners, opened its program with the exquisite "Eine Kleine Nachtmusik" of Mozart, playing with finesse and clarity. The music, originally written for orchestral performance, retained its rich flow of melody when played by the string group; the performance was marked only by a bit of enthusiastic but misplaced applause in the middle of the movement.

The second selection, a charming and delicate minuet by Beethoven, presented the Italian concept of this music form in comparison to that of the German Mozart.

Also included in the first part of the program, was the familiar "Valse Triste" by the Finnish composer, Sibelius, a number which proved popular with the audience.

The ensemble, concluding its first appearance on the program, chose the last movement from a contemporary "Quintet for Piano and Strings" by the American-born composer, Vittorio Giannini. The modern vigorous quintet was an interesting contrast to the melodious numbers which preceded it, and the piano provided effective tonal balance for the strings.

Appearing as guest soloist on the program was Miss Winifred Hekman, possessor of a lovely contralto voice, who sang four songs: "My Heart at Thy Sweet Voice," "Habanera" from the opera, Carmen; "Ich Liebe Dich"; and "Clavellitos." She responded to encore demands with "Danny Boy," "Smoke Gets in Your Eyes," and "Only a Rose."

Audience Likes Program
For its second appearance on the program, the ensemble chose five light semi-classical and popular selections of the "dinner-music" variety: the lilting "Waltz" by Tchaikovsky; "Tambourin Chinois" by Fritz Kreisler; "Clair de Lune" by Debussy; "The Last Spring" by Kreisler; and a medley of songs from "Showboat."

The music, thoroughly pleasant and enjoyable, charmed the audience, who applauded enthusiastically. The ensemble responded with three encores, "Tales From the Vienna Woods," "Flight of the Bumble Bee," and selections from the "Student Prince."

Town Hall devotees who attended last night's concert expressed great satisfaction that the Chicago String Ensemble had been included in this year's series.

Siamese Twin Girls Born In Portland, Taking Nourishment

Portland, Ore., May 8 (AP)—Siamese twins, joined near the base of their spines, were born here yesterday and are "in no immediate danger," Dr. Joseph V. Springer, who delivered them, revealed today.

He said the mother, Mrs. Mary Hurse, 26, Deep River, Wash., is in good condition and the twins, both girls, are taking nourishment.

Dr. Springer would not comment on the twins' chances for survival, saying only that their condition is good but that the mortality rate in such cases is high.

Their combined weight at birth was 9 pounds 4 ounces.

Twins were expected, the physician said, but until delivery he had no intimation of any unusual circumstances.

The father, A. Hurse, is a logger at Deep River, a small community near the mouth of the Columbia River. There are two other children, boys of about 3 and 6, Dr. Springer said.

Ten times as many Americans paid an income tax after World War II began than before—the number of tax payers rising from 4,000,000 to more than 40,000,000.

Ramie, also known as China grass, is a variety of stinging nettle which originated in the Far East and was grown here as early as 1885.

ATOM CHIEF—Under a proposed move by Britain's Labor government, John Wilmot, above, Minister of Supply, will get control of all British atomic energy studies. (NEA Photo.)

GREAT LAKES ORE CARRIERS BEING TIED UP

(Continued from Page One)

attempt would be made to put "teeth" in it.

Majority Leader Barkley (D-Ky.) told reporters he would resist any attempt to take up labor legislation until the British loan and draft extension legislation are out of the way.

John D. Small, Civilian Production Administrator, issued the warning about the emergency coal stocks. His statement did not mean that the nation would run out of soft coal completely in 12 hours. It referred merely to emergency stocks under control of the government, but Small emphasized that the whole situation is critical.

"A complete breakdown in the flow of illuminating gas, electricity and water to a large number of the nation's homes" is threatened, he said in a statement.

Motor Carriers Help
As for food processing plants, Small said they should "use every possible means to restrict consumption of coal and of utility service dependent upon coal." In some areas, he added, there is not sufficient coal "to maintain even the most vital services."

An urgent appeal to the nation's motor carriers to give priority to the movement of food, fuel and other essential articles was issued by the Office of Defense Transportation.

The purpose of this was to prevent non-essential goods, banned from the railroads, from being diverted to trucks. An embargo effective at midnight tomorrow prohibits the shipment on coal-burning trains of virtually all articles except food, fuel and such vital goods as medicines. A similar embargo will be clamped on motor carriers if necessary, officials said.

As the strike dragged through its 38th day, the "no progress" report came from all sides in the negotiations here.

From management: Edward R. Burke, head of the Southern Coal Producers Association, said, "we want a contract, but so far nobody wants to talk about contracts. We've made no progress."

From Labor: A union official said John L. Lewis and his United Mine Workers have heard nothing which would make them switch from their original demands.

From the government: The two federal conciliators, Edward F. McGrady and Paul W. Fuller, let the 40 or so union leaders and operators argue among themselves temporarily for 70 minutes, while McGrady and Fuller talked to their boss, Secretary of Labor Schwelienbach. But they, too, had nothing to report.

No Food Tins
On Capitol Hill, Senator Byrd (D-Va) proposed an amendment to a labor control bill which would prohibit the payment of royalties to unions. Lewis has asked for a payment on each ton of coal (operators say it's 10 cents a ton) to set up a welfare fund.

Harsh words for the strike continued. Rep. Elliott (D-Calif) told the house congress should stay in session "day and night" until it passes labor legislation.

The Detroit automobile industry began laying off thousands of workers.

The Pittsburgh Steamship Co., with the largest inland fleet in

Communists Protest U.S. Aid In Manchuria

(Editors Note: Associated Press correspondent Tom Masterson of Gladstone, Mich., and four other U. S. correspondents who witnessed the Chinese Communist capture of Changchun were held virtual prisoners for 14 days by the conquerors of Manchuria's capital. They now are back in China proper. This dispatch was written just before Masterson left Changchun.)

BY TOM MASTERSON
Changchun, May 7 (Delayed) (AP)—Chinese Communists declared today that American friendship in China would receive a setback if the United States persisted in transporting government troops to Manchuria.

With the Communists in control of 70 percent of rich Manchuria and sitting firmly in the capital at Changchun, they view with concern the reports of continuing American help.

Gen. Peng Sheng, secretary-general of the Communists' Manchurian bureau, declared in an interview that United States "facilities" (presumably ships) were transporting the central government's 93rd army to the embattled territory of Northwestern China.

Continued American aid, he said, would "seriously obstruct" the efforts of General Marshall, special U. S. envoy to China, to end the fighting in Manchuria which threatens to spread southward.

The Chinese Communists are making the strongest effort in Nanking and by petitions to congressmen in the United States to cut off United States assistance, which would smash the government's main source of supply for operations in Manchuria.

Communist leaders here confidently predicted "an end to the civil conflict, either through negotiations or through complete victory over Chiang Kai-shek's armies."

General Peng announced the Communists had set up governments in eight of Manchuria's nine provinces.

(Despite Peng's claims, government troops are in control of Liaoning Province, which embraces Mukden, and have wedged at least in two other southern provinces—Antung and Liaohai.)

Gen. Chow Pao-chung, Communist captor of Changchun, previously expressed to American correspondents his resentment at

the world, started tying up its vessels. They carry iron ore on the Great Lakes.

The food supply may be hit, too, the Civilian Production Administration warned. No tin for tin cans.

WHOLE FLEET IDLE
Cleveland, May 8 (AP)—An ODT transportation order for fuel conservation will tie up the entire Great Lakes iron ore fleet, idling at least 3,000 men, officials connected with the industry asserted today.

M. J. McGarry, manager of the Ore & Coal Exchange, estimated about 80 vessels would be affected by the order prohibiting use of bunker coal by ships not carrying coal or foodstuffs.

In May a year ago, approximately 270 vessels were engaged in lake shipping. This year, shipping on the Great Lakes was curtailed by iron ore mines strikes before effects of the coal shortage were felt.

asked Mrs. Bill Hollenbeck, wife of the auctioneer, to mail it to the buyer.

"Now I can sleep well tonight," he said.

England's most famous writer, Shakespeare, and Spain's most famous writer, Cervantes, both died on April 23, 1616.

aid given rival armies by the United States.

When American correspondents were given a ride in a jeep stamped "U. S. A." Chow quipped: "I'm losing face because the only vehicles I have to give you are American jeeps and trucks my soldiers captured from the enemy (government army)."

Chow denied the Communists had obtained arms from Russia for the battle of Changchun. He said furthermore, without elaboration, that his relations with Russia "are becoming increasingly difficult."

TO PUERTO RICO—Jesus T. Pinero, above, Puerto Rico's resident commissioner in Congress, is expected soon to be appointed governor of his native country. Pinero would succeed Rexford G. Twigell. (NEA Photo.)

Heavy Rains Wash Out The Dust Bowl

Washington—The incipient Dust Bowl in western Nebraska and the Dakotas is a Mud Bowl today, and wheatfields that were the farmers' despair are again their hopes. Heavy rains, falling during the 24-hour period ending at 1:30 a. m. on Thursday, came in the nick of time—like the thundering charge of the U. S. Cavalry that used to wind up Western melodramas just as the Sioux were closing in for the massacre.

The weather-map shows positively diurnal figures: 1.14 inches of rain at North Platte, Neb., 1.47 inches at Valentine, 2.62 inches at Rapid City, S. D.—all of them in the critical drought area. The rain was cold; temperatures were down close to freezing over a wide area of the Plains, but that won't discourage the hardy winter wheat.

A little farther west, on the High Plains, temperatures were still lower, and much of the precipitation was snow. Even this, however, will not bother the wheat; Western winter wheat gets fat on May snows. The parched ranges, too, will benefit; the snow means meat as well as wheat.

Farmer Really Has Conscience

Twin Falls, Idaho (AP)—Arch Coiner, Twin Falls county farmer, took a disk plow he didn't need to a farm auction and left before another farmer bought it for \$227.50.

"Too much," said Coiner when he heard about it. Then he sat down, wrote a check for \$50 and

Two Congressmen Lose In Elections

(By The Associated Press)

War veterans defeated a pair of congressmen in Tuesday's primary elections—apparently the only incumbents voted down in contests involving 49 House seats.

Rep. Luther Patrick (D-Ala.), serving his fourth term, lost to Laurie Battle, who came out of World War II to make his first political race in the Ninth (Birmingham) district.

In Florida, another four-termer, Rep. Pat Cannon of Miami, went down for the Democratic nomination on a landslide of votes given a 32-year-old former Marine, George A. Smathers.

Rep. Albert Rains (D-Ala.), backed by the CIO-Political Action Committee for renomination, defeated Joe Starnes, former vice-chairman of the House committee on un-American activities.

Senator James W. Huffman, renominated last night in his Washington office: "I shall wage a vigorous campaign." * * * The issue this fall is going to be sound liberalism against unsound reactionism. I shall remove the wraps and fight it out on that basis."

Bricker Unopposed
His Republican opponent Nov. 5 will be John W. Bricker, who won the senatorial nomination without opposition. Thrice governor and 1944 vice presidential standard bearer, Bricker is expected to wage an energetic campaign to unseat Huffman, who has been senator less than a year.

Bricker's friends say his election would be the first step in another try for the presidential nomination in 1948.

Huffman won by 18,000 votes in a complete unofficial count in the four-man race. A CIO-PAC endorsed candidate, Marvin C. Harrison, Cleveland attorney, ran third.

In Alabama, another candidate backed by the union organization, James E. (Big Jim) Folsom, six-foot-eight, who campaigned with a hillbilly band and a mop he said was needed to clean up the state capital, led a five-man field for the Democratic gubernatorial nomination. But he will have to face Lt. Gov. Handy Ellis, second man in the primary, in a June 4 runoff, as neither polled a majority. Folsom had CIO-PAC endorsement.

Former Gov. Spessard Holland will be the next Democratic senator from Florida to fill the seat being vacated voluntarily by Senator Charles O. Andrews. He won over three opponents. Democratic nomination there is equivalent to election.

In Indiana's Eleventh district, Rep. Louis Ludlow, Democrat dean of the Hoosier congressional delegation, took an early lead over two political novices. Renomination apparently was assured for all incumbents from that state seeking return to the House.

England's most famous writer, Shakespeare, and Spain's most famous writer, Cervantes, both died on April 23, 1616.

The white dial of Big Ben, famous clock of London, contains holes made by shrapnel during air raids in World War I.

STUDENTS RUN CITY TODAY

Division Heads Named By "City Manager" Junior Paul

The city's affairs will be in the hands of Escanaba senior high school government students for a couple of hours today when the teenagers take over as part of their training in city government.

Yesterday "City Manager" Junior Paul, who was chosen by the student elected "city council", made the following appointments of department heads: Bill Nimmzinsky, city engineer; Lloyd Eliason, superintendent of public works; Clarence Holzgrobe, superintendent of the light plant; Marilyn Harkins, superintendent of water works; Phyllis Elliott, supt. of gas; Mary Sue Farrell, superintendent of sewerage; Jack Bergman, superintendent of the service department.

Bill Harvey, police chief; Don Scott, fire chief; Don Wickholm, recreation department; Helen St. Martin, city forester; Loretto Stack, city treasurer; Patricia Farrell, comptroller; Howard Nichol, superintendent of the steam plant.

The students were chosen from a list of applicants on the basis of grades earned in government class tests.

Marquette Taverns Remain In Ass'n

Marquette—The Marquette County Tavern Keepers' Association, which includes 50 of the county's 87 licensees, yesterday voted to retain membership in the Upper Peninsula Liquor and Beer Vendors' Association at a meeting held in the Northland hotel.

Also meeting at the Northland yesterday were officers and directors of the U. P. association, who included Sid Stewart, Menominee, president; John Monville, St. Ignace, vice-president; William Tirschel, Iron Mountain, treasurer; Robert Best, secretary, and Joseph Brisson, Chatham; J. L. Jacobson, Gladstone; Leo Greenleaf, Iron Mountain; Al Wright, St. Ignace; Otto Grassel, Menominee; Henry Gardner, Manistique; Ed Nasser, Iron River; Tony Guizetti, Negaunee, and Peter Mench, Eckerman, directors.

Captain James Cook rediscovered New Zealand and circumnavigated the islands for the first time in 1769.

The International Postal Union was started with the signing of the protocol of the International Postal Congress in 1876.

Recently Elected To Detroit Junior Board Of Commerce

Allen J. Harwood, former resident of this city, was elected to the board of directors of the Detroit Junior Board of Commerce, at its recent annual meeting held in Detroit at the Leland Hotel.

Mr. Harwood is employed as budget control director of the sales department of the Detroit Diesel Engine Division, General Motors corporation.

He is the graduate of the Escanaba high school and of the Cleveland Commercial college. Mr. Harwood is the son of Mrs. William Harwood, 425 South Ninth street.

Struck By Bicycle, Local Woman Suffers Shoulder Fracture

Mrs. William E. McDonald, 513 South 13th street, sustained a fractured shoulder and a number of body bruises when she was accidentally struck by a bicycle ridden by Glenn Larson, 13-year-old son of Oscar Larson, 323 North 16th street, on the sidewalk at 1322 Ludington street late yesterday afternoon.

The injured woman was taken to St. Francis hospital.

City police officers investigated the accident.

The boy will probably be brought into Sgt. Phil Bruce's bicycle court for violating the bike ordinance by riding on a public sidewalk.

A New York printer, John Wesley Hyatt, developed celluloid while looking for a substitute for ivory, then used in the manufacture of billiard balls.

Removal Of McNabb To Be Reviewed By Judge Bell Here On May 31

On petition of Marcus McNabb of Escanaba, former road commissioner of Delta county, who was removed by the county board of supervisors April 30, Judge Frank A. Bell has issued a writ of certiorari which will bring the proceedings up for review in circuit court in Escanaba on May 31.

The writ was issued by Judge Bell in a special session of circuit court at Menominee on Monday. Notice of the writ yesterday was served on O. J. Thorsen, chairman of the county board of supervisors.

Records and proceedings of the county board of supervisors in connection with the recent three-day hearing which resulted in a vote not to retain McNabb as road commissioner will be certified to circuit court for the hearing. The supervisors voted to retain the other two of the three-man road commission—Commissioners Hilding Norstrom of Gladstone, and August Larson of Rock.

Court to Determine

At the May 31 hearing Judge Bell will determine "what of right ought to be done" in the proceedings which McNabb as plaintiff claims brought about his ouster without legal foundation to support charges made against him and others of the commission.

In his petition for a writ of certiorari, McNabb specified 17 points in support of his request for a circuit court hearing in connection with his ouster from the road commission.

Briefly, they included:

1—That statutes provide for ap-

pointment of road commissioners by the board of supervisors.

2—That McNabb has served on the road commission "upwards of 20 years."

3—That Delta county road commission once won third place in a national road maintenance contest.

4—That the county road commission is "a body corporate."

5—That the charges against the commission in Delta county were against the commissioners and engineer.

6—That the road commission had refused union representation for its employees, and had refused collective bargaining and arbitration.

7—That the history of the dispute between the commission, the union and the county board was further outlined in this section.

8—That no evidence had been presented at the hearing to support the charges made against the commission.

9—That none of the charges were proved at the hearing.

10—That the union once agreed to a settlement of all disputed issues.

11—That there was never a resolution before the board to remove the commission.

12—That O. J. Thorsen, chairman of the county board, urged the commission to submit to arbitration between the time the charges were filed and the hearing was held.

13—That Prosecutor J. Clyde

McGonagle did not represent the county board at the hearing.

14—That three members of the county board were biased and were not competent to sit at the hearing.

15—That the road commission aided veterans rather than discriminated against them in employment.

16—That the charges against the commission were not drawn by the prosecuting attorney.

17—That the county board's only power over the road commission is the appointment of its commissioners; that no vote was taken to oust McNabb; that the meeting called to hear the case was an adjourned special meeting for another purpose.

Embargo On Freight May Cause Shutdown Of Bird's Eye Mill

The embargo on railroad freight shipment, effective at midnight tonight, may create a situation which will necessitate a shutdown of the Bird's Eye Veneer company here in a month, Juel Lee, general manager of the plant, said yesterday.

With the limited space the plant now has, it can only store about a month's production of veneer and as long as the embargo, caused by the coal strike, remains in effect, no veneer logs will be shipped to the local plant by rail.

However, plant officials hope that an early settlement of the coal strike and a lifting of the embargo will permit the veneer company to continue operation without even a temporary shutdown.

Celestial navigation was not taken up seriously by navigation until toward the end of 1930.

13—That Prosecutor J. Clyde

WARD WEEK

When All America Shops and Saves!

COLORFUL SUMMER TIES, REGULARLY \$1 84c

Big savings for Ward Week! The season's top fabrics and patterns built to give perfect knotting!

DR. MIRON DEAN AT ST. NORBERT

Sheriff's Brother Was
With Armed Forces
In Alaska

The Rev. Dr. Cyril H. Miron, O. Praem, on Tuesday was named acting dean and senior prefect of St. Norbert college at DePere, Wis., by Abbott B. H. Pennings, O. Praem, college president. He is a brother of Sheriff William E. Miron of Escanaba.

Recently returned from four years service in the chaplains' corps of the army, Dr. Miron will continue as head of the college philosophy department. Father Miron succeeds the Rev. P. P. Fritz, O. Praem, as dean and the Rev. G. G. Claridge, O. Praem, as senior prefect. He will continue to serve in both positions until the return of Lt. Col. A. M. Keefe, now on leave of absence as college dean and presently on the staff of Archmere academy, a Norbertine school in Claymont, Del., before returning to the college in 1948 to head the philosophy department.

Dr. Miron received a commission as first lieutenant in the chaplains' corps in the spring of 1942 and served in North and South Carolina before going to Alaska, Kodiak and the Aleutian Islands, where he served 13 months. Following a brief return to this country, he was transferred to the Pacific theater. He served on Hawaii, Leyte and Luzon for 14 months. He was placed on inactive duty in February with the rank of major.

Dr. Miron received a commission as first lieutenant in the chaplains' corps in the spring of 1942 and served in North and South Carolina before going to Alaska, Kodiak and the Aleutian Islands, where he served 13 months. Following a brief return to this country, he was transferred to the Pacific theater. He served on Hawaii, Leyte and Luzon for 14 months. He was placed on inactive duty in February with the rank of major.

Crystal Falls To Keep Conservation Department Office

Iron River—Despite a Dickinson county proposal that the state conservation district headquarters be moved to Iron Mountain, the state conservation department intends to keep the headquarters for the three-county district in Crystal Falls.

Claude Smith, Crystal Falls district conservation headquarters chief, said yesterday he was aware that an effort had been made to obtain a transfer of the office to Dickinson county but added that the effort was to no avail.

Our Lansing office has advised that they do not contemplate moving the headquarters," he declared. "The office will remain here and I feel Crystal Falls is a very suitable location."

The district embraces Iron and Dickinson counties, and since last June 1, Menominee county, a consolidation made necessary by war depletion of personnel. While Iron Mountain might be geographically a more central location, considerable activity of the conservation department is concerned with Iron county, and the department is planning now to augment its force of game wardens serving this section of the district.

Caraway seeds can be mixed with cottage or any other soft mild cheese. It goes well with strongly flavored gorgonzola, too.

VICTORY MEDAL STARS FOUR FREEDOMS—Pictured above are the obverse and reverse sides of the new World War II Victory Medal to be awarded all members of U. S. armed forces who served honorably on active duty between Dec. 7, 1941, and the date when hostilities ended. Face of medal shows figure of Liberation, looking toward dawn of a new day. One foot rests on helmet of the war god, and in her hands are pieces of a broken sword. The four freedoms are inscribed on the reverse side. (NEA Photo.)

Hottest And Coldest Room In The World Located At College

State College, Pa.—One of the hottest—and also the coldest—rooms in the world is a heavily insulated compartment here that has man-made temperatures ranging from 135 degrees Fahrenheit down to 60 degrees below zero.

Located at the Pennsylvania State College Engineering Experiment Station, the unique structure is not being lived in despite the housing shortage.

The room is 30 by 24 feet with a 17-foot ceiling, and the purpose of studies made there has nothing to do with the temperature of homes. Scientists used the temperature-controlled room to develop methods for storing inactive warships.

Actually the room is called a climatometer. In it has been tested dehumidification equipment to help the Navy prevent moisture and atmospheric conditions from causing corrosion, mold or mildew that would damage instruments and equipment aboard the more than 2,000 ships to be inactivated.

The method of saving the ships is relatively simple, according to Pennsylvania State College engineers. It consists of drying the air that is drawn into the ship. An absorbing desiccant bed containing either silica gel or activated alumina removes a large part of the moisture in the humid air entering the ship, and the dried air is circulated through the vessel, using the fire-main system.

These dehumidifiers come in three sizes for different-type jobs, and under normal conditions will operate only about eight hours each day. The largest units cost about \$1,500 and will be used in compartments of large ships. Battleships will use six of the big

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No crummy, gooey, nasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

News From Men In The Service

Frank W. (Bill) Konkel, Jr., has arrived in New York, following a trip from Vancouver, B. C., to Casablanca, Africa. A commissioned officer in the Merchant Marine, Konkel has been serving as first assistant engineer aboard the SS James K. Kelly for the past year. He has been in service for three years, most of which was spent in the Pacific. His parents, Mr. and Mrs. Frank Konkel, Sr., reside in Bark River.

Cpl. Ronald Gilding, son of Mrs. Edna Besson, 1119 Sixth avenue south, has recently been advanced to that rating from private first class. Cpl. Gilding is assigned to the officers separation center, Fort George Meade, Maryland. He has been in service for one year.

Pvt. Mearl R. Tolman, son of Mr. and Mrs. Orville Tolman, 302 North 15th street, recently arrived in Heidelberg, Germany, and is serving with the occupation army there, according to word just received here. Pvt. Tolman entered the army last November and received his basic training at Camp Roberts, Calif.

Pvt. John E. Kiefasz of Bark River was one of a group of 15 enlisted men of the First Training

Regiment, Fort Eustis, Va., who were recently presented with letters of commendation by their regimental commander, Col. Dale M. Hoaglund, for outstanding work while receiving basic training.

Power House Will Be Built At Sault

Sault Ste. Marie—Four and a half millions of dollars assigned to a rivers and harbors project in the Sault, as part of a \$333,000,000 peacetime navigation and flood control program signed Friday by President Truman, will undoubtedly go to the new St. Mary's river power house, J. E. Harns, engineer-in-charge of the St. Mary's Falls Canal said.

Plans for the proposed 14,000 kw power plant are now in headquarters for approval, said Mr. Harns, and bids will undoubtedly be advertised as soon as the plans are approved.

The appropriation also includes money for removal of a bridge island above MacArthur lock and construction of a new bridge, a segment in the international bridge, to replace the present swing bridge.

Estimated cost of the new power house is \$3,500,000, and estimated cost of the new bridge and removal of bridge island is over \$1,000,000.

The money is for use by the Army Engineers during the year beginning July 1.

Iron Mountain Man Tried For Assault

Menominee—Before a jury of five women and seven men, Bernard Labre, 31, of Iron Mountain went on trial in Menominee circuit court on a charge of assaulting 72-year-old Mrs. Amanda Adams, of Spaulding by hitting her on the head with a beer bottle in the late afternoon of February 27.

Mrs. Adams testified that she believed Labre had assaulted her with intent to rape, but that she had not voiced the charge in the preliminary hearing in justice court before Justice Joseph A. Bortkoff because she was mortified by his shamefulness.

Mrs. Adams said she was asked into the home of Labre's father, when Labre asked her help in lighting a fire. His parents were away at the time. She said as she bent over the stove he hit her with a beer bottle, inflicting a bump on her head. She said the force of the blow broke the bottle

and cut a hole in the head scarf she was wearing and that she cut her hands in wresting the bottle away from him.

She said that because "God gave me strength" she was able to push him so that he tripped and fell down and she fled to the home of a neighbor to summon help. She testified she had been in the Labre house between 10 and 15 minutes.

Pressed on cross-examination by Defense Attorney K. O. Boyle, Mrs. Adams admitted Labre said nothing to indicate his rape intent but she reiterated her conviction and belief that it was what he intended. She said she thought Labre had been drinking, but that he was not so drunk as to not know what he was doing. She said she knew stages of drunkenness because she had worked in lumber camps and in a place where a saloon was located and had seen men in all stages of intoxication.

The defense attempted to show at the trial that Labre was so drunk he was incapable of having any intent, to do assault or any-

thing else. Doyle also introduced a record of the Menominee probate court which showed Mrs. Adams had been committed to Newberry in 1920 on complaint of her husband, the late Daniel W. Adams, who charged she had mental lapses in which she believed her neighbors were enemies.

Traffic Accidents In State Increased 41% During March

During March, 7 more persons were killed in Michigan traffic accidents than during the same month last year, 112 compared with 85, an increase of 32 per cent. On the same comparative basis, injuries increased 592 or 30 per cent, and total reported accidents increased 2,307 or 41 per cent.

This made the seventh consecutive month since V-J Day that traffic deaths in Michigan, have exceeded the toll of the same month during the previous year.

All of the March fatality increase occurred in rural areas. Rural trunkline deaths were up 23 or 153 per cent and county road deaths were up 6 or 30 per cent. Urban deaths were down 10 or 18 per cent.

Total reported urban accidents and injuries were up 39 per cent and 23 per cent, respectively, despite the reduction in urban deaths during March.

Cumulative traffic deaths for the first three months of this year were up 90 or 42 per cent over the same period last year, 306 compared with 216. This increase was still 26 per cent below the death toll for the same period 1941, when 411 persons were killed.

All of the cumulative fatality increase, except three, occurred in rural areas. Deaths on the rural trunkline system increased 73 or 209 per cent; rural county road deaths increased 12 or 28 per cent; and, urban deaths increased 3 or 2 per cent.

Pedestrian accidents, collisions between two or more vehicles, and ran-off-roadway accidents continued to account for most of the fatality increase in rural areas. Deaths from these types of collisions were up 25, 24, and 29, respectively, on the three month comparative basis.

Estimated motor vehicle mileage for January and February was up 28 per cent compared with the same period last year and the death rate per 100-million vehicle miles of travel was up 19 per cent on the same comparative basis.

Trenary

Personals
Trenary, Mich.—Mrs. Charles R. Little returned to her home here Monday, after spending the past week in Walled Lake, Mich., visiting at the homes of her daughters, Mrs. Willard Quarfoot and Mrs. John Suomi.

Mr. and Mrs. Francis Finlan, accompanied by Mr. and Mrs. Edmund Ouellette, attended the K. C. initiation held in Escanaba on Sunday.

C. Witter, owner of the Witter Resort at AuTrain, called on friends in Trenary, Sunday.

Mr. and Mrs. Jim Little and son have moved into the Davis cottage.

Ruth Niemi, assistant cashier in the Home Savings bank here, is now enjoying a two weeks' vacation.

Bob Quarfoot, arrived at his home here Monday, after receiving his honorable discharge from the U. S. army. He visited at the homes of his brothers, Willard of Walled Lake, Earl of Saginaw, and Donald of Detroit, enroute to Trenary, where he resides at the home of his parents, Mr. and Mrs. William Quarfoot.

Edgar Cooper, of Detroit, was a business caller here on Monday.

Mr. and Mrs. Marvin Kolmorgen and family spent the week end at the homes of relatives near Sturgeon Bay, Wis.

Will Present Play

A play "The Phinney Girls" will be presented Tuesday evening, May 14th at 8 p. m., in the high school auditorium. The play is given by members of the Methodist Ladies' Aid society.

Joseph Kleiman son of Mr. and Mrs. John Kleiman of Wilson Michigan is salutatorian. Joseph was on the student council and was Captain of the basketball team. He also participated in baseball.

QUERIES FROM VETS

This series of questions and answers comes from the local Veterans Administration, located in the postoffice building. Veterans may obtain detailed information regarding the problems touched upon here or any other problems relating to veterans' affairs from William Butler or Emil Larson at the administration office.

Q. Are insurance benefits received by the parent considered as income?
A. In determining dependency, amounts received by the mother or father from any insurance under the War Risk Insurance Act, the World War Veterans Act of 1924, as amended, or the National Service Life Insurance Act as amended will be disregarded.

Q. Are allowance benefits received by virtue of another son in service considered income?
A. In determining the amount of income, consideration is given to family allowances received pursuant to Public Law 625, 77th Congress as amended by Public Law 174, 78th Congress.

Q. From what date do payments of compensation commence?
A. The general rule with reference to the effective date of awards of compensation or pension is that they may not be effective prior to the date of separation from service, the date of the happening of the contingency upon which disability is allowed, or the date of receipt of application, whichever is the later. Section 17, Public Law 144, 78th Congress contains the provision that pension payable for disability shall be payable from date of discharge if claim therefor is filed within one year from discharge.

Q. A veteran who has been granted compensation suffers an increase in the severity of the disability—is he entitled to an increase in compensation?
A. Yes. The rate of increase in compensation depends upon the increase in disability.

AUTO PLANTS STILL LAGGING

Assembly Lines Operate
At Half Maximum
Capacity

By DAVID J. WILKIE
Detroit.—(P)—The nation's automobile assembly lines continue to operate at about half their maximum capacity and there is nothing in the current outlook to indicate they can attain top level output within the next two or three months.

This, in effect, is the viewpoint of most of the leading car producers, who see their supply problems becoming worse instead of better as they near the end of the first year of postwar car manufacture.

Having produced about 800,000 cars and trucks since last July 1, instead of a projected 2,500,000 the industry's assembly plants are now more than four months behind schedule. The average individual seeking a new model passenger car, say the industry chiefs, is just that much farther away from early delivery.

In this connection the industry's general sales managers reiterate their earlier advice to prospective buyers to consult as far in advance as possible with their local dealers. There is no chance, say the sales chiefs, of getting delivery on short notice.

Reports that local deliveries are being curtailed by heavy shipments abroad bring instant denial from the car manufacturers. To reports that "there are lots of new American-made automobiles" in this or that South American city, the manufacturers point out that exports are under rigid control by the Commerce department.

The maximum permissible exports of passenger cars are about six percent of the average production from 1935 to 1939 and surveys indicate that not more than six per cent of current output is going abroad.

A different set of regulations govern the overseas sale of trucks, for which demand is extremely heavy. Some companies are understood to be ear-marking as much as 25 per cent of their immediate commercial vehicle output for export.

Production last week reached 67,595 units, the highest level yet attained in postwar output. Omitting Canadian production, included in the total, the truck and commercial vehicle assemblies and that part of the output reserved for export, probably little more than half the aggregate became available for delivery to domestic car buyers.

Lithium is the lightest of metals—a cubic foot of it weighs only 33 pounds, as compared with 108 pounds for the same amount of magnesium.

County Government Cost Goes Up; Deficit Mounts

The cost of county government increased in Delta county last year by 79 cents per capita, and during the same year of 1945 the County's deficit went up an additional \$8,768.46, according to reports by auditors of the Michigan auditor general's office.

The auditors in their latest report for the year 1945 place the total fund deficits of the county at \$38,605.69 as of Dec. 31. The deficit at the end of 1944 was \$29,837.23.

Plans for annual retirement of a portion of the mounting county deficit have been discussed by the county board of supervisors, and will probably be taken up again at a meeting of the board to be held today. Previously it had been considered possible to wipe out the county deficit within three or four years if higher property valuations established by the state last year are maintained.

Per Capita Cost
A comparison of per capita cost of Delta county government is reported in the 1944 and 1945 audits as follows:

| | 1944 | 1945 |
|---|---------|---------|
| Administrative and Operating Expense | \$2.05 | \$2.06 |
| Maintenance and Construction—Highways | \$3.52 | \$4.17 |
| Welfare and Medical Assistance | \$4.96 | \$5.09 |
| Miscellaneous | \$.01 | \$.01 |
| Total cost of county government functions | \$10.54 | \$11.33 |

Of the total county fund deficit at the end of 1945, the general fund is in the red \$37,639.71 and the county health unit fund \$965.98. The auditors report:

"The deficit in the general fund reflects the county's general financial condition. Every effort should be made to eliminate this deficit. This general fund overdraft is the result of several year's operation and has increased \$10,846.97 during the year of 1945, and \$9,995.34 in 1944.

"The deficit in the county health unit fund appears to be due to substantial reductions in the amount of federal aid received for health unit purposes during the last half of the year 1945."

County Assets Listed
At the end of the past year, the county assets were listed as \$48,777.41 in available cash in all funds, and \$26,467.54 invested in tuberculosis sanatorium bonds. Unrecorded assets as indicated by records of departments rather than in the county treasurer's general ledger included \$13,617.39 in county road commission accounts and \$21,000 in the social welfare fund under accounts receivable.

The \$13,617.39 listed as accounts due the county road commission are listed individually in the auditor's report. In connection with these accounts the auditors advise:

"Your attention is directed to the dates of the accounts listed

above, which indicate that some of these accounts are past due. We recommend that an immediate effort be made to collect all past due accounts, and in the future that extension of credit to individuals and outside corporations be discontinued. The extension of credit to other agencies of government is permissible, but in such cases collections should be made at least every thirty days."

Of the \$21,000 in accounts receivable by the social welfare department the auditors advise:

"This amount represents approximately 1,000 hospitalization accounts of which, we were informed, about 80 per cent are doubtful of collection, although every effort is being made to collect on these accounts. Approximately \$700 was collected on these old accounts during the year 1945."

The auditors recommend the county clerk's office discontinue the extension of credit for circuit court fees, of which the total was \$46 at the end of 1945; and that all fines and costs collected by justices of the peace be paid to the county treasurer within 30 days. Outstanding justice fees as of Dec. 31, 1945, totaled \$81.00.

It was also recommended by the auditors that the provisions of the Michigan dog license law be enforced. This matter has been directed annually to the attention of the county.

The auditors reported they found the books and records in the several county offices and departments were maintained in good condition. They expressed appreciation to the county officials and their office staffs for the assistance and cooperation they had received during the course of the examination.

Bark River

Bark River, Mich.—The Bark River ladies' bowling teams held their banquet at the Dells, Wednesday evening, where they were served a delicious chicken dinner.

The teams consisted of Mesdames: Melvin Iverson, Albert Olson, Len Dahl, William Peltier, Ben Douglas, Lionel Peltier, Martin Kwarciany, Ray Teal, Leonard Wickstrom, Algot Erickson, Bill Kashbolm, Louis Kleiman, Ray Raymond, and Jim Wright.

Misses Elaine Dahl, Maurine Krause, Mary Jean Peltier, Leta Neilson, Jeanne Huss, Lois Olson and Evelyn Olson.

Mrs. Nan Sabourin, a member of the team, was absent.

Personals
Miss Lois Olson returned to Lansing after spending her vacation at the home of her parents, Mr. and Mrs. Alfred Dahlin.

Nahma

Former Resident Weds In Pontiac

A wedding of interest here took place on May 3 in Pontiac, when Miss Betty J. Jorgensen, daughter of Mr. and Mrs. C. J. Jorgensen of Pontiac, became the bride of Lloyd D. Ruple, also of that city.

The Jorgensens are former Escanaba residents. Mrs. Jorgensen is the former Ethel Johnston, daughter of the late Mr. and Mrs. William Johnston of this city.

The couple exchanged vows at the home of the Rev. Ralph Claggett, minister of the Congregational church. Their marriage took place on the fifth wedding anniversary of the bride's sister, Mrs. L. D. NewMarch.

For her wedding the bride chose a peal gray dressmaker suit with navy blue accessories. Her corsage was of white gardenias surrounded by white roses.

Mrs. NewMarch, the bride's only

attendant, selected a chocolate brown suit with dark brown accessories, and wore a corsage of Tailsman roses.

Robert Ruple, the bridegroom's brother, was best man.

Following the ceremony, 70 guests attended a reception at the Jorgensen home. Large baskets of pastel sweetpeas, stock, and snapdragons decorated the rooms.

A three-tiered wedding cake with a miniature bride and bridegroom centered the Italian cut-work lace-covered table. A beautiful old English silver service was at one end of the table, and heavy silver candlesticks held white tapers.

After a short honeymoon, Mr. and Mrs. Ruple will reside in Pontiac.

During the first three years of lend lease the British Isles received more than 600 million pounds of cheese.

Annual Census For Public Schools To Begin Here Today

The annual census taken by the Escanaba public schools will begin here today. Every individual in the city from birth to the age of 20 is recorded, including young men and women in the armed forces, others up to 20 years of age who live outside the city but whose parents reside here. Young married people up to the age of 20 are also included.

A census of all physically handicapped children is being taken at the same time.

The primary school interest money from the state is based each year on the number of individuals between the ages of five and twenty in the community and the census of children under five years of age is taken to enable school officials to anticipate annual enrollments in the kindergarten.

Eleven Escanaba senior high school girls are taking the census, which will be completed in about a month.

Veterans Hospital Stays At Iron-Mt.

Iron Mountain—In a telegram received here last night, Col. A. R. Striegel, acting district engineer, U. S. Engineers office, Milwaukee, labeled as "incorrect in several particulars" a story referring to the proposed veterans' hospital in Iron Mountain, appearing in the May 3 issue of the Milwaukee Sentinel and reprinted on the same date by The News with an accompanying statement by A. M. Chalmers, chairman of the veterans' hospital committee here.

The Sentinel story, reported, principally, that "the Milwaukee Federal Engineers' District was authorized yesterday to check Iron Mountain, Mich., to determine whether the area offers a suitable site for a \$2,500,000 hospital for Veterans Administration," and referred to Col. Striegel as saying that "the proposed 250-bed structure will be a general hospital. If Iron Mountain is not found suitable, the Milwaukee district will recommend other sites."

In his telegram last night, Col. Striegel said:

"The statement quoted in The Iron Mountain News for May 3 and attributed to me is incorrect in several particulars.

"This district has been requested to make a survey of the proposed site at Iron Mountain as a preliminary to preparation of contact plans and specifications. So far as this office is concerned, the Iron Mountain site has been selected by the Veterans Administration and there is no possibility of moving the hospital to another site.

"There is no indication that the site will not be found suitable. This office has no authority to recommend other sites and no intention of doing so. Request you issue correction of the statement in your paper."

Temporary Housing Set For Marquette College Students

Marquette, Mich., May 7 (AP)—Northern Michigan college has taken steps to relieve the housing shortage for married student veterans and their families. H. A. Tape, college president, said today.

Temporary housing units for 45 additional married veterans have been procured in addition to the duplex units from Willow Run which were obtained last fall.

An expected enrollment of between 800 and 900 students next fall, will include about 500 World War II veterans, Tape predicted. Enrollment spring term jumped 80 per cent, with an increase of veterans from 18 to 138.

TUSKED RABBIT

A hunter near Floydada, Tex., captured a jack rabbit with two tusks protruding from its lower jaw. The tusks were two inches long.

Obituary

DAVID JOSEPH PRESTON
Funeral services for David Joseph Preston, who died Tuesday night, will be held at the home of the mother, Mrs. Alice Preston, in Wells, at 10 o'clock this morning. Rev. Fr. John Ryan of St. Ann church will officiate. Burial will be in St. Ann cemetery.

MRS. ADELORE LAVIOLETTE
Funeral services for Mrs. Adeline Laviolette were held at St. Patrick's church yesterday morning, with Rev. Fr. Martin Melican as the celebrant at the solemn high mass, Rev. Fr. Matt Laviolette as deacon and Rev. Fr. Norbert Freiburger as sub-deacon. Burial was in the Bark River cemetery.

Grandchildren served as pallbearers. They were Harvey Gendron, Roy and Arthur Klug, Howard Blair, Roy Hebert and Brendan Williams. Honorary pallbearers, from the Canadian French society, were Mrs. Joseph Beaumier, Mrs. Gideon Martin and Mrs. Victor LaPorte; and from the Women's Catholic Order of Foresters, Mrs. Nels Morin, Mrs. Frank Trudell and Mrs. Della Marchand.

Out-of-town persons attending the funeral included: Mr. and Mrs. Joseph LeMay, Mr. and Mrs. Leif Olson and Mary Agnes Lefebvre, Detroit; Mrs. Archie LaMarche, Chicago; Mrs. Rose Gendron, Gladstone; Mr. and Mrs. Henry Robert and Joseph Richer, Flat Rock; Mr. and Mrs. Louis Dubord and Joseph Ambeau and daughter, Bark River.

Collard greens, a plant of the cabbage family and a favorite of the deep South, are very tasty when pan-fried and seasoned with salt pork or bacon fat. The leaves are large and grow in tufts, or big rosettes. Cook in the same way you cook cabbage.

Of the 662 active automotive manufacturing corporations reporting in 1942 to the U. S. Treasury Department, 148 firms had no profit. That's about 22 per cent of all the automotive firms in the country, according to the Automobile Manufacturers Association.

Abendroths Plan Flooring Plant

Ishpeming — The Abendroth brothers of Rhinelander, Wis., made a two-day inspection of a site in Ishpeming for their proposed hardwood flooring mill and when the survey was completed over the weekend they seemed to be well satisfied.

The proposed location is west of the Barium location on the south side of U. S. 41-A. There is a covering of muck and some water there. The Rhinelander men were concerned with the possibilities of spring flooding and were cool, for a while, toward the site. However, the last inspection convinced them the problem is minor.

City Manager O. G. Holway asked the mill owners to submit their plans. It is possible that the city will be asked to ditch the area. Representatives of the city and of the Ishpeming Industrial Association accompanied the party on the inspection trip.

The first traveling library was started in Washington County, Maryland, in 1907. It was a horse-drawn wagon with shelves on the outside so that books were always visible.

Full grown Michigan bald eagles may have a wing span of six to eight feet, measure two and one-half to three feet from beak to tail, and may weigh from seven to 11 pounds.

LEFT \$50,000 ESTATE
Menominee—An estate in excess of \$50,000 was bequeathed to Mrs. Selden B. Daunne, the former Miss Joyce Dalrymple, by her mother, Mrs. Claude M. Dalrymple, according to a will filed before Probate Judge Katherine Stiles Laughton on petition for admittance to probate. Judge Laughton set May 27 for hearing the petition.

Mrs. Dalrymple died April 21 at the home of her daughter in Grosse Pointe Farms. She stopped at Detroit on her return home from a vacation visit to Mexico. She was the widow of Claude M. Dalrymple, sales manager of the Lloyd Manufacturing company, who died in 1934. Mrs. Daunne is their only child.

St. Nicholas

Cafmeyer-Newhouse
St. Nicholas, Mich.—Miss Madeleine Cafmeyer, daughter of Leon Cafmeyer of this community, and Elfridge Newhouse, son of Elfridge Newhouse of Escanaba were united in marriage at a double ring wedding ceremony which took place Saturday morning at 9 o'clock at St. Joseph's Catholic church.

At an altar decorated with ivy and lighted tapers, the couple exchanged vows before the Rev. A. C. Coignard.

Mrs. Wm. B. Moreau, organist, played the traditional wedding marches, and sang the music of the Mass accompanied by the choir.

The bride wore a gown of white net over white satin, styled with a fitted bodice of eyelet lace, a bustle, and a full gored skirt, and a long train. Her lace-edged fingertip veil was softly gathered in a crown of pearls. Her only jewelry was a string of pearls and matching ear-rings, the gift of the bridegroom. She carried a mixed bouquet of roses, sweetpeas and snapdragons, and during the Mass she carried a sterling silver crosier, also the gift of the groom.

She was attended by three of the bridegroom's sisters, Miss Margaret Newhouse of Marquette, as maid of honor and Miss Blanche Newhouse of Escanaba and Miss Beatrice Newhouse of Marquette as bridesmaids.

Margaret's gown was of blue net with a satin bodice and full sleeves. Blanche's gown was of yellow net, and Beatrice wore pink, both with bodice of satin. The attendants all wore short net veils gathered in a crown of flowers. They carried mixed bouquets of gladioli, snapdragons and sweet peas.

Constant Cafmeyer, brother of the bride, was best man. Stanley Kolbusz of Munising, and George Carlton of Marquette were the ushers.

A wedding breakfast for the bride and groom was served at Coney Island in Escanaba.

The wedding dinner was served at 2 o'clock to fifty guests at the bride's home. Adorning the bride's table was a beautiful white-leaved three tiered wedding cake, topped with miniature bride and groom. Home decorations were in blue, pink and white.

After the dinner the bride displayed the many useful and beautiful gifts she received from her many friends. She also received many cash gifts.

A wedding dance was held in the evening at the Cornell town hall. Music was furnished by the Helgemo brothers, the Swedish Merry Makers.

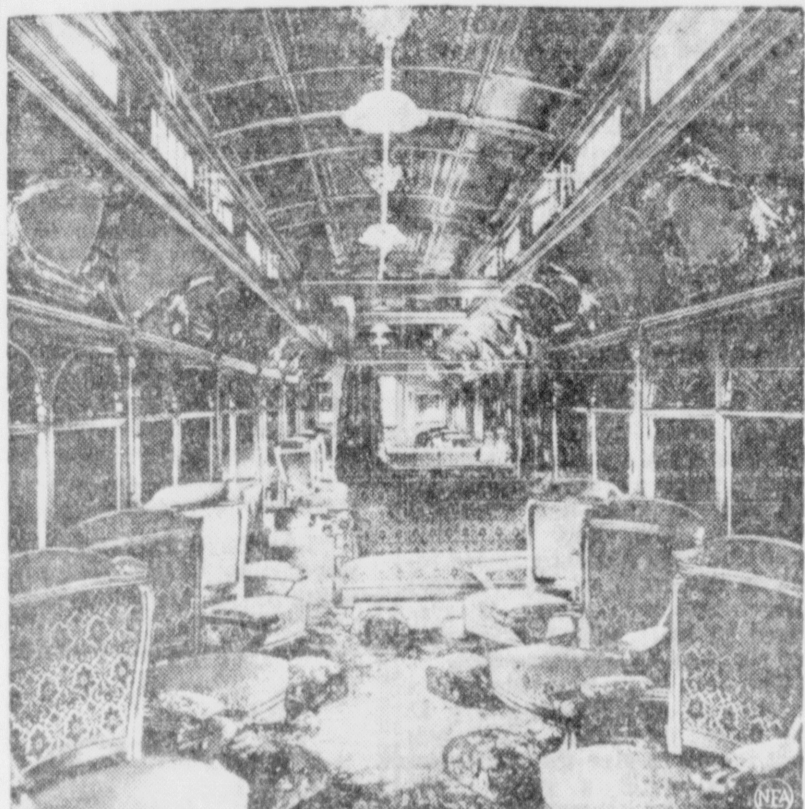

The couple left later on a honeymoon trip to an undisclosed destination, the bride choosing for traveling a lime green dressmaker suit with black accessories. With it she wore a black shortie belted coat.

After their return trip Mr. and Mrs. Newhouse will live at the home of the bride's father for an indefinite period of time.

The groom is employed at the Escanaba Paper Mill. Out of town relatives and friends at the dinner were: Elfridge Newhouse, Emma De Hoeche, and Blanche Newhouse, of Escanaba; Mrs. John King, Mrs. William DuChene, and Mrs. Wilfred Cole, of Kibling; Mr. and Mrs. Walfrid Lindberg, of Gladstone; Mr. and Mrs. Jerome De Bacher and Sandy of Watson; Stanley and Ann Kolbusz, Mr. and Mrs. Joseph Blondin, of Munising; Margaret and Beatrice Newhouse, George Carlton and Dorothy Blondin, of Marquette; Rev. A. C. Coignard, Marie Wilmette, Mr. and Mrs. Ronald Beauchamp and Barbara Ann, of Perkins; Mr. and Mrs. Jule DeBacher, of Detroit; Mrs. Bill Romain, of Escanaba, and Mrs. Richard Schultz, of Cornell.

'LUXURY' IDEAS CHANGE IN RAILROAD'S 100 YEARS

Height of Gay Nineties plush elegance in its time was the Pennsylvania Railroad's "bay window" parlor car, pictured above. But its cluttered magnificence was far less relaxing than . . .

. . . the clean, sleek, air-conditioned comfort of a modern lounge car, such as that of the famous "Broadway Limited," above. New postwar cars will outshine even this in de luxe features.

This month marks the one hundredth anniversary of the Pennsylvania Railroad's birth. Its first charter gave it authority to construct a line 249 miles long, from Harrisburg to Pittsburgh. Today its tracks sprawl over thousands of miles through 13 states and the District of Columbia. It has 4848 locomotives, 7299 steel passenger car units, 240,293 units of freight car equipment and 5614 work cars. The Pennsy also has a "navy" of 378 barges and boats. Photos above show contrast between early rolling stock and modern equipment.

of Marquette spent the week end at the home of the latter's parents, Mr. and Mrs. Victor De Grand.

Prosper and Margaret Heynesen and their guests, Helen and Tony Ott, returned to Chicago Sunday evening, after spending a two-day visit at the home of Mr. and Mrs. Louis Heynesen.

Mr. and Mrs. Jule DeBacher returned to their home in Detroit, following a few days visit with relatives, during which they attended the wedding of their niece, Madeline Cafmeyer.

That sudden, jarring stop of a wheelbarrow when it hits an obstruction may become a thing of the past when a new idea, the caterpillar wheelbarrow gets into production. It has a second wheel above and somewhat forward of the regular wheel, and the two are encircled by a rubber-covered chain tread to form, in effect, an inclined track that is supposed even to enable a wheelbarrow to negotiate steps.

Powers

Senior Ball

Powers, Mich.—Complying with Michigan State law governing inflammable decorations in public buildings, the senior class of Powers-Spalding high school won high praise in their curtailed decorating of the Powers hall for the annual senior ball.

A garden scene, with all its loveliness of potted plants in full bloom, seasonal wild blossoms and cacti was accentuated by a bird-less bird bath. This garden was enclosed by a typical snow-white picket fence, adorned with vari-colored lights.

The grand scene was led by Queen Nancy Lawrence and King Dick Loeffler, to the strains of "Tonight We Love," the theme song, played by Forest Ames and his orchestra. A refreshment stand, presided over by members of the Girl Scouts, catered to the dancers during the evening's program.

Personals

Mrs. Evelyn Fezzette has returned from General Hospital, Marquette, after having had an operation for removal of the gall bladder. She is recuperating at the home of her sister, Mrs. Amy Williams.

Mrs. Vernon Fazer was called to her home in Poughkeepsie, N. Y., by the serious illness of her mother, Mrs. Theresa McKenna, who was injured in a fall in her home.

Mr. and Mrs. D. T. Lawrence, daughter Alice of Labranche visited with relatives here Sunday.

Members of the Powers-Spalding high school band were among musicians to spend Saturday at Marquette, where they participated in the Upper Peninsula Band Festival. They were accompanied by their director, George Hill.

Mr. and Mrs. Antone Poupore, daughter Ethel of Nadeau, visited at the Theodore Fazer home Saturday.

Theodore Fazer has returned to his home after having been a patient at St. Francis hospital, Escanaba, for a month, following a gall bladder operation.

The home extension group of Powers-Spalding held a regular meeting Thursday evening in the home economics room in the high school. As this was the last meeting of the season, the election of officers was held.

A number of business men of Powers and Spalding have declared their intentions of having adopted daylight saving time beginning May 6th. The following are now on "fast time": Theo. J. Dault, Leo L. Pletch, Bohrend Motor Co., Robert Page, Veaser's Locker Plant, P. F. Labre, P. R. Perry.

Leroy Nelson has purchased a parcel of land near the intersection of US2 and 41 in Powers from Eli Bellefeuille and is erecting a modern 5-room home thereon.

Designed for vehicles which operate both on and off the highway, the new High-Way truck tire tread has closely spaced lugs for smooth rolling on hard-surface roads and alternate long and short lugs to provide extra traction in soft ground. The tread is called resistant to cutting, snagging, bruising, road shock and blowouts. The tire has rayon cord and extra heavy rayon breakers to minimize shearing action between carcass and tread.

Banks should begin to give some thought to charges they assess on small checking accounts. Some of them may need to attract these small deposits in order to have more money to lend to expanding industry.

The first oil lease in Pennsylvania was made in 1854.

day visiting at the home of Mr. and Mrs. Victor Bennett.

Roy Picard of the U. S. Navy is visiting at the home of his parents, Mr. and Mrs. Albert Picard.

Mr. and Mrs. Henry Dettman and sons Charles and Gary of Marquette visited on Sunday at the home of Mrs. Beatrice Fezzette.

Mrs. Beatrice Fezzette spent Thursday and Friday visiting at the home of Mr. and Mrs. Henry Dettman in Marquette.

Hermansville

Junior-Senior Prom

Hermansville, Mich.—A Junior-Senior Prom will be held at the Hermansville Community club on Friday, May 10. Ivan Kobasic and his orchestra will furnish the music for the occasion, which is open to the public. Tickets may be obtained from any members of the Junior or Senior class.

Personals

Misses Barbara Rodman and Veronica Rodman were callers in Escanaba on Saturday.

Misses Hilda Mauli and Virginia Fochesato were callers in Norway on Monday.

Mr. and Mrs. Marco Massignon of Kingsford were callers at the John St. Juliana home on Sunday. Mrs. Otto Bartl and daughter Mae and Miss Mary Rodman spent Sunday visiting relatives in Fond du Lac, Wis.

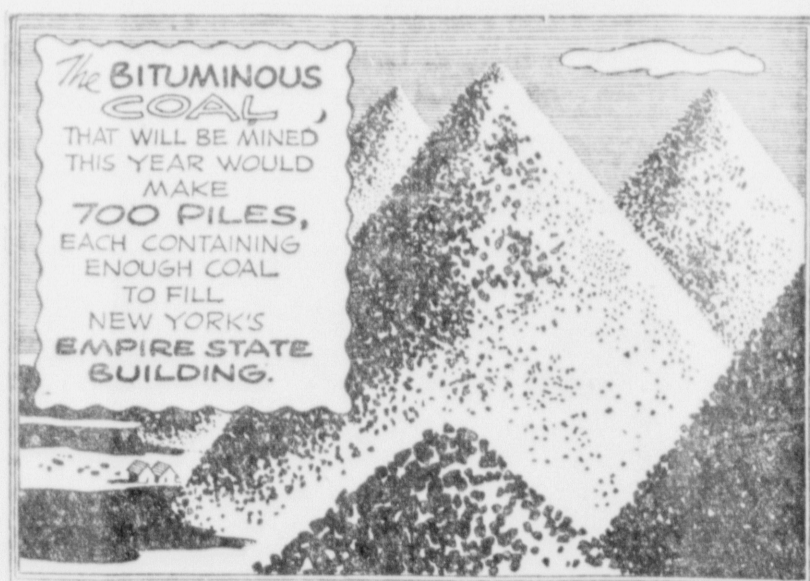

Mr. and Mrs. Paul Pilot and sons and Mr. and Mrs. Matt Boldin and son Rudolph of Kingsford visited at the home of Mr. and Mrs. Joseph Rodman Sr. on Sunday.

Miss Dorothy Picard of Green Bay spent a few days visiting at her home here.

Mr. and Mrs. George Miller and family of Menominee spent Sun-

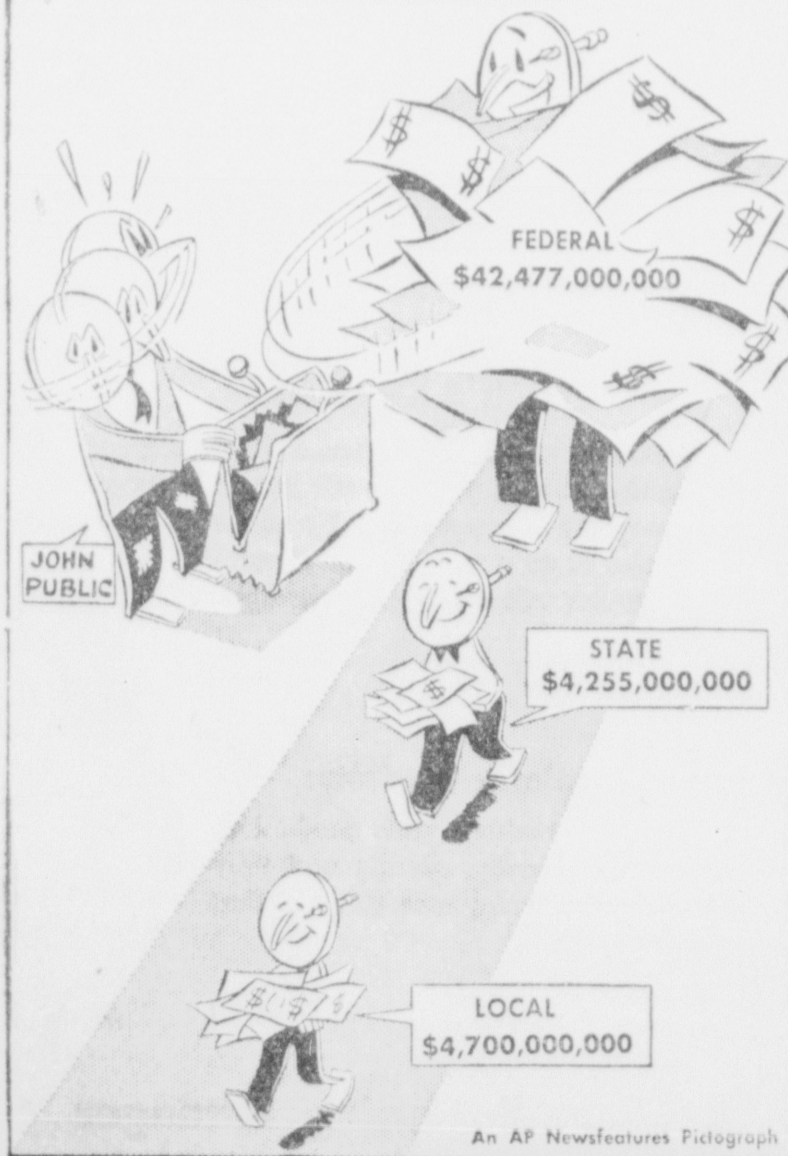

This Curious World

By William Ferguson

WHO GETS WHAT

THE Tax Institute, Inc., says that more than four-fifths of 1945 tax collections (except for payroll taxes) in the United States were federal collections.

Government Agencies Urge Housing Subsidy

By S. BURTON HEATH

Washington, (NEA)—Government agencies contend that nothing but \$600,000,000 in subsidies can enable industry to produce the lumber, bricks, plumbing and heating supplies and the other materials that will be required to construct some two and a half million new homes in less than two years.

But the building supplies industry indignantly rejects the idea of subsidies, and says flatly that if the OPA will show a little common sense in revision of price ceilings, then established firms can and will provide materials and supplies far in excess of any possible demand.

Steel, coal, lumber and other strikes have aggravated the scarcity of all building supplies. But if there had been no strikes at all, you still would find the building supply warehouses empty. There still would not be enough materials for the Wyatt Program, or even for the slightly smaller construction that was in the works before the new regulations halted it.

GOVERNMENT'S STORY

The Government's story is that industry can provide only 48 per cent of the cast-iron radiation that will be needed, 61 per cent of the building blocks, 69 per cent of the gypsum board and lath, 71 per cent of the plywood, 72 per cent of the cast iron soil pipe, 77 per cent of the building board, 82 per cent of the face brick, 83 per cent of the lumber, 88 per cent of the clay sewer pipe.

Senator Alben Barkley says that it would add \$2,200,000,000 to the cost of housing if ceilings were raised enough to get the necessary materials, but that \$600,000,000 in subsidies would accomplish that result. Housing Expediter Wilson W. Wyatt says that these subsidies would go to marginal producers who can not compete on an even basis, to firms that want to expand, and to those who want assistance in creating facilities to make new products that could substitute for critical materials. But Wyatt wants another \$600,000,000 to encourage prefabricated housing.

Industry challenges not only the prescription but also the diagnosis. The Producers Council, representing the bulk of the major firms in this field, says that if ceilings were raised just enough to change red ink for black, its constituents would make everything that is needed—and more.

Instead of a 52 per cent shortage there could be a 90 per cent excess in cast iron radiation above Wyatt Program requirements, the Council claims. There could be a 33 per cent surplus in building blocks; a 60 per cent surplus in gypsum board and lath; a 12 per cent surplus in plywood; a 114 per cent surplus in cast iron soil pipe; about a 350 per cent surplus in lumber, millwork and flooring.

No larger than an ordinary pen, the new pocket fountain-brush may be used for drawing, marking or writing on paper, wood, wax, cellophane, glass, metal, leather, and other surfaces. Made of satin-finished aluminum, the brush has an automatic valve designed to prevent sweating, leaking and flooding, and to control the flow to give various styles of line markings.

Leslie LeVeque, Former Marquette Resident, Killed

Marquette—Mr. and Mrs. L. J. LeVeque, 220 East Ridge street, were informed that their son and daughter-in-law, Mr. and Mrs. Leslie Lou LeVeque, were killed in the crash of an airplane in which they were flying from their summer home in Maine to their home in Columbus, Ohio.

Few details of the crash were learned by Mr. and Mrs. LeVeque, but it was known that it occurred in New Hampshire Sunday night and was caused by fog. The couple was killed outright, as was the pilot of the plane.

Leslie LeVeque was born in Houghton county in 1891, but was reared in Marquette after the family moved here about 48 years ago. After graduating from Marquette high school, he went to work for a construction firm in Columbus, Enlisting in the U. S. Army when this country went to war against Germany in 1917, he served 13 months in France and was discharged as a commissioned officer.

Returning to the United States, LeVeque was graduated from the University of Michigan before returning to Columbus to work for the same construction firm he was with before World War I.

A few years later, however, he

started the L. L. LeVeque Construction company and became one of the country's best known realtors because of his large real estate transactions in Columbus, New York and elsewhere. Three years ago he purchased a large apartment hotel in New York and last year he became owner of the Citadel, a 44-story building in Columbus.

The LeVeques leave three children, Lou, who was a pilot in the plane-ferrying service to England during the war; Frederick, who is attending a military academy, and Patsy. Leslie LeVeque also leaves his parents, a brother, Grover E. LeVeque, of Virginia, Minn., and a sister, Mrs. Viola B. Ellis, Detroit.

AUTO TIPPED OVER

Ishpeming—An automobile driven by F. J. Haller, superintendent of the Mather mine, was overturned by strikers on North Second street about 7 o'clock this morning when Mr. Haller stopped to pick up a worker.

A picketing group of strikers gathered around Haller's car as he stopped and tipped it over on its right side. Haller, who was in the car, got out by climbing through the window on the left side.

Cattle are dehorned in late fall or early spring to avoid winter colds and summer flies.

Army Call Halts Athletic Career Of Spartan Star

East Lansing, May 7 (AP) — A call to Army induction has interrupted the athletic career of freshman Bob Ludwig, stellar Michigan State College football and baseball player from Muskegon.

Ludwig, under study to Spartan

Left Halfback Russ Reader during last year's gridiron season and Michigan State's regular baseball centerfielder, notified Coach John Kobs today said that he has been ordered to report for induction May 21.

The promising young athlete was one of the Spartans' leading hitters at .303.

Kobs said either Pat Peppler or Ed Sobczak will replace Ludwig in center field.

SENDS THANKS FROM FINLAND

Recipient Of War Relief
Grateful To Local
Resident

Last year a Finnish relief drive was conducted by the First Baptist church and during it Eldon D. Johnson, 1420 Dakota avenue, contributed some articles, among them a coat into a pocket of which he inserted a note in Swedish and his address in English.

Recently he received a letter from the recipient of the coat. The person, apparently could read neither Swedish or English for the face of the envelope carried a copy of his note and also the address. The letter of thanks reflected the need in that nation for clothing, among other things, and the appreciation with which such gifts are received.

The letter was written in Finnish. The following translation of it was made by Ray Kiskinen of Rock, educational field man for the Northern district of the Central Cooperative Wholesale:

Finland, 4-10-46
Greetings and thanks to the one who sent me a coat as a gift. I am writing this letter to the one whose address was in the pocket of the coat. I don't understand what it says but hope that this letter will reach the kind person who sent me the coat that was in great need and fit very well.

The great joy of receiving the coat prompts me to write this letter. I wish you the best of luck and the love and blessing of God for thinking of us here in Finland. You are kind and understanding. I will also try to be understanding and just by writing this letter.

I am a war widow. My husband was killed in 1941 and I was left with three small children and an aged mother and father to support. One of my brothers was killed in 1945. We have been evacuated twice during the war. Once 160 kilometers away from home into Rovaniemi. During this time 5 of our 7 cows were destroyed. In 1945 we were evacuated 600 kilometers from home into Nivala which is in southern Finland. We stayed there for 4 months. We came back to our old home which we had been renting. Fortunately it had not been burned. We have no land of our own but at the present have two cows.

In 1945 during forced evacuation we lost just about everything because we could not take anything with us. I have tried to tell you a few things about our life here and once again hope that the Lord will forgive and bless us both. Also I hope that this letter will cheer you as did the coat me.

DEATH CLAIMS JERRY NEVILLE

Retired Veteran Soo Line
Conductor Dies At
Sault

Jerry J. Neville, 71, retired veteran Soo Line conductor, died at his home at Sault Ste. Marie, Mich., yesterday morning, according to word received here.

Neville was born in the little parish of Shanganoid, County Limerick, Ireland, in 1875. The same year the family moved to Canada, settling at Collingwood, Ontario.

Neville came to the United States in 1897 and entered the railroad service as a brakeman on the Soo Line. Five years later he was promoted to regular conductor and in 1918 he became passenger conductor on Trains 86 and 87 between Escanaba and the Sault.

During that time Mr. Neville married and the couple made their home in Gladstone until 1927 when a change in train schedules necessitated his moving to the Sault.

When Jerry, as he was commonly known to many friends along the Soo Line, made his final run on Passenger Trains Nos. 7-8 on Nov. 29, 1941 he was completing 44 years of service and was the No. 1 man on the Soo Line seniority list east of Minneapolis.

Surviving are the widow, Bertha; one son, Lloyd, and one daughter, Mrs. Kathleen Hanson, and one grandchild, all of the Soo. Funeral services will be held at St. Mary's church in the Soo at 9 a. m. Saturday and burial will be in Pine Grove cemetery.

Scots law has preserved the rule that the mere interchange of consent (which may be verbal and in some cases implied) is sufficient as a marriage contract. Such marriages, where there is no religious ceremony, are termed irregular but are fully binding in Scotland.

More merchant seamen lost their lives during the invasion of Mindoro in the Philippines than did soldiers or sailors who participated in the action.

Mercator projection maps were the invention of Gerhard Kremer, mathematician and cartographer of Flanders. Mercator was his Latin name.

City Briefs

Nels Apelgren, Chicago, has arrived to visit for several weeks with his parents, Mr. and Mrs. Erick Apelgren.

S 2/C Frank Helmo has arrived from San Diego, Calif., to spend a 7-day leave visiting his mother. Mrs. J. P. Kegel has returned from Minneapolis where she spent the weekend visiting her daughter, Mrs. Marvin Saline. While there Mrs. Kegel attended the opera.

Yeoman 3/C Francis Cannon has arrived from Kwajalein, in the area where they are arranging the atomic bomb tests, to spend a 30-day leave with his parents, Mr. and Mrs. Edward Cannon, Minnesota avenue.

Mrs. Mervin Kircher, Detroit, who has been seriously ill, is improved in condition, according to word received here. Illness prevented the Kirchers from attending funeral services for Mrs. Kircher's father, John Bovin.

W. S. Skellenger has returned from a two-months vacation trip spent mainly in Florida. Escanaba home he visited with several of his children in the lower peninsula.

MEN BOWLERS HAVE BANQUET

Leo Kulkki Of Rock Is
Named President
Of League

Leo Kulkki of Rock was elected president of the Gladstone Men's Bowling league at the windup banquet held Tuesday night at Log Cabin. He succeeds George Peoples to the office.

Others officers include Frank Sirola, first vice president; George Mathison, second vice president; Harold Switzer, third vice president; and Walter VanDeWeghe, secretary-treasurer.

Named to the board of directors were Gust Klein, Roy Van Mill, and Torval Kallerson, city, and Frank Salmi, Rock.

Fifty-six of the sixty members of the American and National leagues were present at the dinner.

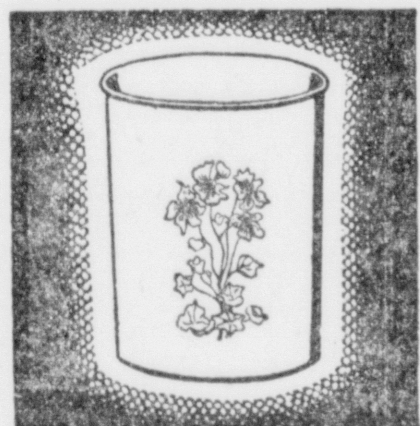

Leo Godin served as toastmaster and tentative plans for next season were discussed. Prizes were distributed to winning teams and individuals for the past season.

HEALTH LEAGUE
ELECTS HEAD

Louis Mikulich, Traunik
Voted In At Annual
Meeting

Munising—Louis Mikulich, Traunik, was elected chairman of the Alger county Health League at their annual meeting held Tuesday evening at the Methodist church.

Other officers elected were: Vice chairman, Hilma Asikainen, Munising; secretary, Mrs. Helen Genry, Munising; and treasurer, Mrs. Ludwig Knaus, Traunik.

Dr. G. B. Wickstrom gave a talk on "Progress in Medicine." Also included on the program was a demonstration of freezing foods by Miss Alice Laakso and Miss Mary McIntyre of Chatham, under the direction of Mrs. Gladys Mercer, area 4-H club leader. Moving pictures on "The Balanced Way" were also shown. Community singing was led by D. W. Howlett, accompanied by Miss Amy Leece. Pictures of health work and a portable heated infant bed were on exhibit.

Annual reports were given by the following:

Mathias township, John Hicks, Treary; Rock River township, Mrs. Toivo Kallio, Chatham; Munising township, Mrs. Ernest Peterson; and nursing report, Miss Hilma Asikainen, R. N.

Guests at the dinner meeting were Dr. (Major) E. J. Brenner, director of the Alger-Schoolcraft health department. Dr. Brenner is now on terminal leave and will assume his duties after a few weeks' vacation. Accompanying Dr. Brenner were his office staff from the Manistiquette health department and members of the Schoolcraft county health committee of the board of supervisors. Dr. Brenner spoke briefly of his work in Europe.

Munising Folks
Attend Wedding

Torch Lake—At a lovely wedding ceremony, Miss Marcella LaMothe, daughter of Mr. and Mrs. Eugene LaMothe of Hubbell, became the bride Wednesday morning May 7, of John C. Kus, son of Mr. and Mrs. John H. Kus of Lake Linden. The nuptial Mass was read by the Rev. Fr. Eiling in the St. Cecilia church of Hubbell.

The bride, who entered the church on the arm of her father, was charming in a white satin princess gown trimmed with Chantilly lace with a long train. She wore a fingertip veil fastened with a heart shaped tiara of seed pearls. Her only jewelry was a strand of pearls. She carried a bouquet of calla lilies and white roses.

The maid of honor, Miss Patricia Kus, sister of the bridegroom was attired in a pale pink marquisette gown with matching tias.

The bridesmaid, Miss Fedora LaMothe, sister of the bride, was attired in pearl net over taffeta with a matching tiara, and both carried mixed colonial bouquets.

The bridegroom was attended by his brother, Irving, of Lake Linden and Earl LaMothe, brother of the bride, of Munising. The bride's mother wore a gown of black with blue accessories and wore a corsage of red roses. The bridegroom's mother wore teal blue with black accessories and a corsage of carnations.

After the ceremony a wedding dinner was served at the Venice Cafe, Hancock, after which the bride and groom left for a honeymoon trip to Chicago and Detroit. For going away the bride chose a suit of lime green with brown accessories.

The out of town guests at the wedding were Mr. and Mrs. Earl LaMothe and family of Munising and Mr. and Mrs. Emil Curtis of Escanaba.

Trained Otter Show
Booked For May 14,
Mather Auditorium

Munising—Emil E. Liers of Homer, Minn., will appear with the world's only trained otters at an assembly to be held Tuesday, May 14, at the Mather high school auditorium.

There will be two shows, one for high school students at 9:00 a. m. and another for the elementary grades at 10:30. H. A. Wood, superintendent of schools who arranged the unusual entertainment, said yesterday that while Mr. Liers and his otters are well known in other parts of the country, this is their first trip through this territory. Adults are invited to attend. There will be a small admission charge.

Munising Township
Children Pictured
In Health Article

Munising—An article, "School-Made Pictures Teach Health", written by H. W. Wood, superintendent of Munising schools, with photos taken by Miss Lucille Buckley, school secretary, appears in the May issue of the American School Board Journal.

The article and pictures cover a page and a half of the magazine. Seven pictures are used to describe the Munising township schools methods of teaching health to students. The picture occupying the top of this page shows Connie Gamble and Janet Stebbins of the VanMeer school using first aid for minor injuries. A good posture display using four pictures shows Miss Barbara Osland and Robert Scott, both Mather high school juniors, standing correctly and incorrectly. Duane Bond of the sixth grade in the Shingleton school is pictured combing his hair looking in a mirror. Gall Gibson of the Mather elementary school first grade shows proper health habits as she is pictured washing her hands.

The article accompanying the pictures explains how the Munising township schools use pictures of local pupils to further the study of health procedure.

USES ADVISORY
GROUP NAMEDMunising Committee To
Aid Employment Of
Veterans, Others

Munising—Edward L. Cushman, state director of Michigan United States Employment Service, announced yesterday the appointment of a community advisory committee in Munising to work with the USES in facilitating employment of veterans and other workers.

Labor has three members represented on the committee: a manager, Walter Meyland, of the USES, is chairman.

Those on the committee are: Kenneth Bakum, Elson Carberry, William Cox, Chester Curtis, Arthur Rexstrew and Gene Scott.

Non-voting consultant members were also named to represent public, civic, social, welfare, patriotic and educational institutions. These members will stand ready to advise the new committee upon the subjects in which each is expert, Manager Meyland said.

The new community advisory committee will hold their first meeting on Wednesday evening, May 22, at 7:00 o'clock, in the USES office.

Naming the local committee is one step of a state-wide and nationwide program to activate the community relations phase of the USES's six-point, peacetime program, Director Cushman said.

The six points of the program are:

Maintaining an active placement service; Providing employment counseling; Finding out the facts about the local employment prospects and making them known to the community; Supplying personnel methods assistance to employers and others; Rendering special service to veterans; and cooperating with other government agencies and community groups concerned with the employment process.

Discussion and analysis of the local records of the USES on registration of veterans, displaced war workers, and others for employment, and their skills, physical characteristics, and capacities, is included on the agenda of the first meeting. A review of the current labor market outlook and a review of the findings of the community "job index survey" and a survey of the other related activities of the USES six-point program is also anticipated.

Details of the death were not known last evening except that it was attributed to a heart attack. Mr. Buckley was born on September 30, 1898, at Greig, N. Y. He attended Munising public schools. He left Munising about 25 years ago.

In addition to the sisters here, Mr. Buckley is survived by his widow and a brother in Detroit.

Funeral services will be held on Friday in Detroit.

MUNISING BRIEFS
Births announced Wednesday, May 8, at the Munising hospital were as follows: A daughter, weighing seven pounds eight and one-half ounces, born to Mr. and Mrs. Sylvester LaCombe. A daughter, weighing seven pounds eight ounces, born to Mr. and Mrs. Lytle Tucker.

Fred W. Monroe of Manistique is visiting at the home of Mr. and Mrs. John A. Vizona.

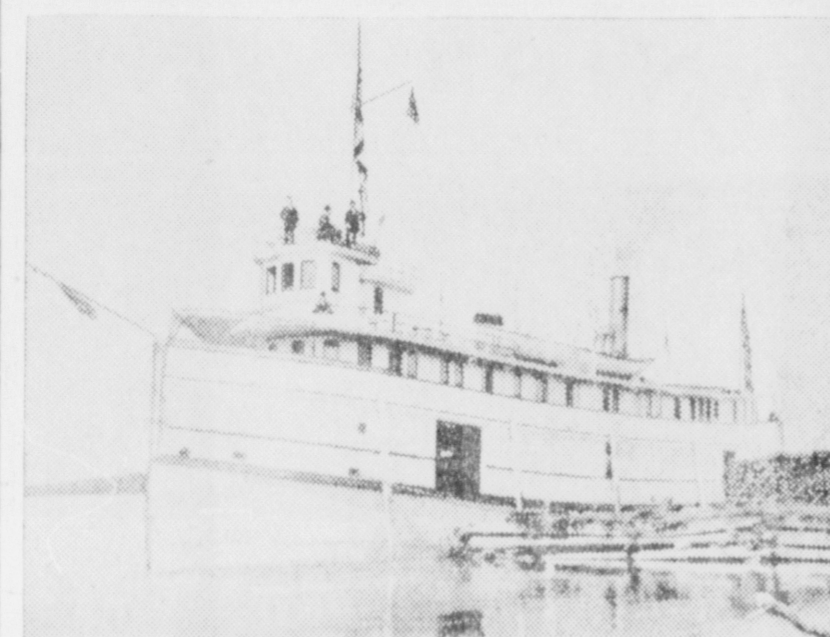

Carl Berg, 231 East Chocoley street, returned Tuesday from Toledo, Ohio, where he visited with his aunt and uncle, Mr. and Mrs. Ronald Schneider.

Mr. and Mrs. William Bihlma and children are leaving May 17 to spend the summer months in Berwyn, Ill. They will move to Berkeley, Ill., in the fall to make their permanent home. Mr. Bihlma is employed at the Haworth plant in Cicero, Ill.

Mrs. O. Shampline and Mrs. K. LeVeque spent Tuesday visiting in Marquette.

X-RAY CLINIC
Munising—The Michigan Tuberculosis Association X-ray will be at the Mather high school on Monday, May 13, from 1:00 p. m. to 3:00 p. m. The unit is operated by Arnold Linden, X-ray technician.

Anyone interested in a chest X-ray is invited to attend. A small charge is made for each X-ray.

EARLY MUNISING DAYS—It was aboard this steamer, City of Marquette, that Timothy Nester, the "father of the present city of Munising", looked over the Munising site in 1894. Nester came back the following year to survey and plat the city. The steamer was owned by Capt. Albert Taylor, pioneer Great Lakes skipper, who in 1894 took Nester and others on a trip from Marquette to the Pictured Rocks. Mrs. A. J. Young of Escanaba is a daughter of Mr. and Mrs. Taylor, who lived in Escanaba for many years.

Peterson Approved
As Vet Institute
Coordinator Here

Munising—H. A. Wood, superintendent of Munising public schools, yesterday announced that Emil Peterson of the Mather high school faculty has been approved as full time coordinator for on-the-job training in the Munising Veterans' Institute.

Mr. Peterson will take over his new duties Monday, May 13. His office will be in room 119 of the Mather high school.

Bert Wills, who has recently returned from military service, will take Mr. Peterson's work in the seventh and eighth grade social study classes and study halls. He will be remembered as the principal of the Washington school before entering military service three and one-half years ago.

Some on-the-job training programs have already been approved. Mr. Wood said yesterday, and others will be set up to satisfy the needs of employers and veterans.

Veterans interested in attending the institute program of on-the-job training are asked to contact Mr. Peterson at the high school.

Six Alger County
Men Go To Detroit
For Physical Exams

Munising—Six men will leave from Alger county to take their physical examinations at Detroit for the armed forces. The men are asked to report to the Alger county draft board office in the Toebe building, Munising, at 2:00 p. m. Tuesday, May 21, for transportation to Detroit.

Those men include: Frederick F. Reed, Earl W. Daniels, Harold L. Dunklee, Jr., and Charles A. Bray, of Munising; Joseph H. Shegan, Traunik, and Frank Praznik, Jr., of Treary.

The following men are asked to report to the Alger county draft board in the Toebe building, Munising, at 2:00 p. m. Tuesday, May 21, for transportation to Detroit for induction into the U. S. Army:

They are: Raymond G. Josephson and Seward W. Howard, Limestone.

Mice are not men and the findings may not apply at all to cancer in humans. However, they seem to be bringing scientists closer to full knowledge of the genetic or constitutional factors

Former Munising
Resident Dies In
Detroit Wednesday

Munising—Word was received Wednesday noon that Gene Buckley, 47, brother of Miss Lucille Buckley and Mrs. Cecil Florida, died suddenly on Wednesday morning at Detroit.

Details of the death were not known last evening except that it was attributed to a heart attack. Mr. Buckley was born on September 30, 1898, at Greig, N. Y. He attended Munising public schools. He left Munising about 25 years ago.

In addition to the sisters here, Mr. Buckley is survived by his widow and a brother in Detroit.

Funeral services will be held on Friday in Detroit.

MUNISING BRIEFS
Births announced Wednesday, May 8, at the Munising hospital were as follows: A daughter, weighing seven pounds eight and one-half ounces, born to Mr. and Mrs. Sylvester LaCombe. A daughter, weighing seven pounds eight ounces, born to Mr. and Mrs. Lytle Tucker.

Fred W. Monroe of Manistique is visiting at the home of Mr. and Mrs. John A. Vizona.

Anyone interested in a chest X-ray is invited to attend. A small charge is made for each X-ray.

Munising Township
Library Gets Funds

The Munising Township Library has qualified for the general library fund grants and recently received two checks totaling \$721.93 from the State Aid to Public Libraries department, Miss Edna Erickson, librarian, announced yesterday.

The money received from State Aid grants may be used in any way which will improve and extend the services of the library. During the past year the library has been open one evening a week in order to accommodate those people who are unable to visit the library during the day. This extra service has been very well received and will be continued as long as the patrons make use of it. The library hours are: Monday through Friday, 8:15 to 11:30 a. m. and 12:15 to 4:30 p. m. and Thursday from 7:30 to 8:30.

ALEXANDER TRUCKEY
Funeral services for Alexander Truckey, who died at the home of his daughter, Mrs. Joseph Adams, in Shingleton on Monday, will be held at one o'clock this afternoon at the funeral home with the Rev. K. O. Savareid officiating. Burial will be made in Garden cemetery.

If you are 25 now, by the time you are 35 your profits, plowed back into the business, will find you with little cash but do not worry about that. If you have worked hard you will find that you have "accumulated" a few more buildings, a fine stock of equipment and will really be worth something on paper. The banks will call it "assets."

But these assets will be worth more than money to you. If you will so conduct your business that your trade comes back next year and you can hold them and gain more trade, you will be surprised. By the time you are 45 every dime you have plowed back into the business will begin to pay off.

Just as every sound business man weathers a depression, so will you. You will become a man of substance, a man who knows how, for your customers and the business will have made you wise in your conduct.

It may look like a long pull now but get that idea out of your head that at 25, you can be rich in just a few short years. Without hard work and much self-denial there wouldn't be one business or resort man out of a thousand who lasted more than three years.

**IT IS SO MUCH
BETTER OUT WEST**
Somehow or other, thousands of early fishermen from Wisconsin, Michigan and Minnesota (the lake states) envy the western fisher-

men. I spent several months out there many years ago and had some very good fishing—and some very poor fishing.

The other evening, one of the fellows with whom I argue fishing, returned after two years of "war duty" in California. We picked up the conversation about trout fishing in our lake states as if he had never been away. This lad is not only a good fly fisherman but he knows streams and the fish and the fish food in them.

"Aren't you glad to get back to the fine waters of our good old lake states?" I asked. "I never fully appreciated what we had here, Sid, until I left this country," he said. "Every morning, regular as clock work, that fog would roll in from the ocean, so thick you could almost walk on it."

"Before noon, the fog would be gone and there would not be a cloud in the sky. Day after day we would have the monotony of that sunshine and fog. How I longed for the changing climate of the lake states," he said. "As soon as possible I arranged to go fishing there."

"We drove about 150 miles to reach the mountain trout streams and the fish were small, stunted fish, so I tried to find the reason for this. I examined the stream from the top, foot by foot, and it was easily done in that clear, cold water."

"Our streams here are so full of fish food, May fly nymphs and all the nymphs of the stone, dragon, beetle and other nymphs and larvae. Their clear, rushing streams of the mountains would be full of water when the snow first melted, then they would dry up to a trickle in many spots," he said.

"The drying of the streams would kill all the nymphs and larvae during the hot months. Where our fish food lasts all the year long and multiplies greatly, theirs seemed to be a constantly diminishing supply. The fish could not grow big for there wasn't a steady supply of food."

If we had more gas we might have found it better in the valleys but that meant another 200 mile drive. If we had a lot of money, we might have hired some guides and pack horses and taken 10 days for a good trip. But you couldn't bring back your fish, they would spoil," he said.

"How lucky we are here, in our lake states, with our thousands of lakes and hundreds of miles of streams. I never realized before how precious water really is. I had to go west to learn how blessed by nature, we fishermen and all our people truly are. We should have a 'Water Holiday' on our calendar each year, in every one of our lake states," he said.

**Hot Bat Of Pesky
Sparks Boston Sox**
Boston, May 7 (AP)—Gritty little Johnny Pesky, who should be on the bench resting a painful groin injury, is wielding the hottest bat in the majors to spark the drive of the fast traveling Red Sox.

Always a team player, the speedy shortstop declined the offer of Manager Joe Cronin to rest up and daily ignores discomfort to lend his potent stick to the cause of keeping the Soxers out front.

A club house boy in Portland, Ore., only a few years ago, Johnny has come out of the Navy ready to resume his habit of lending all others in number of hits. He did it in 1942—his first year with the Red Sox—and also in 1941 in the American Association and the year previously in the Piedmont League.

Before today's game, he had collected 34 safeties in 74 times at bat for a .430 average to lead both leagues. He also has scored the most runs—23.

CABIN IN THE SKY—ALMOST—Thornton McDonough and Bill Teare, 15-year-old Bay Village, Ohio, lads, saved their own "housing problem" by building the treetop cabin pictured above. No ordinary tree play shack, it is solid, insulated, weatherproof and equipped with stove, electric lights, radio, electric clock and toaster. It has adequate furniture and even has a separate bedroom. All the cartage, living, construction, electric wiring and decoration was done by the boys themselves, who sleep in the cabin about three nights a week. Total financial outlay was \$14, \$11 for the stove and chimney and \$3 worth of paint. Pictured on the porch, above, are Thornton McDonough and John Faver, a weekend guest, with Bill Teare climbing ladder. (NEA Photo.)

Hunting And
Fishing

By Sid Gordon

MONEY IN THE
RESORT BUSINESS

The returning veteran who wishes to go into the resort business need not worry about "making money" the next two, three or four years. Everyone is looking forward to good business and most good business men will put away every dime they can spare for a possible break, a depression later.

If the veteran insists upon going into the resort business he must look around first. He will see many a resort business for sale which has a "bunch of old shacks" and will be for sale at a fair to a high price. If he and his relatives can raise \$5,000, they will try and "bite off" something which can be bought for \$15,000, possibly \$10,000.

Then they will be in the resort business with an indebtedness once or twice greater than their entire capital. For a long pull, this is just as foolish as thinking you are a millionaire when you haven't a dime in your pocket.

Take a leaf from the business life of the small business man. Start in small, use only your capital. Use that \$5,000 to buy something, work like a dog during those two months of real business. Then you will be a millionaire when you haven't a dime in your pocket.

Every dime you make will be needed for taxes and for improvements. There is only one sound way to grow and to avoid failure. Plow every cent you make back into that business. Fix those leaky roofs, repair those openings where the mosquitoes, moths, bats and other "uncomforts" cause your tourist of that year to never come back "to that dump" again.

Put in inside toilets, showers, comfortable beds and decent furniture. Every month, when there isn't snow on the ground work on the trails and the landscape. Keep those boats in good repair and well painted.

If you are 25 now, by the time you are 35 your profits, plowed back into the business, will find you with little cash but do not worry about that. If you have worked hard you will find that you have "accumulated" a few more buildings, a fine stock of equipment and will really be worth something on paper. The banks will call it "assets."

But these assets will be worth more than money to you. If you will so conduct your business that your trade comes back next year and you can hold them and gain more trade, you will be surprised. By the time you are 45 every dime you have plowed back into the business will begin to pay off.

THIS WILL HAVE YOU UP A TREE—It looks like a giant California redwood tree, but anyone who makes that guess is going "way out on a limb." To see what the picture really shows, turn it on its left side. It's a springtime scene in Victoria Park, Kitchener, Ontario, taken by N. C. Schneider, local packinghouse executive and amateur photographer. (NEA Photo.)

CHICAGO PRICES

CHICAGO BUTTER
Chicago, May 8 (AP)—(USDA)—The butter market was firm and prices unchanged at OPA ceilings today.

CHICAGO EGGS
Chicago, May 8 (AP)—(USDA)—Eggs were steady and unchanged.

CHICAGO POTATOES
Chicago, May 8 (AP)—(USDA)—Potatoes, arrivals 46, on track 110, total shipments 260.

Old stocks: Supplies light; demand moderate; market firm for best stocks. New stocks: Supplies rather light; for wheat quality demand moderate; market firm; Idaho russet Burbanks, U. S. No. 1, \$3.50 to \$4.00; North Dakota cobblers, commercial, \$2.50; Wisconsin Chippewas, U. S. No. 1, good quality, \$2.75; Florida 50-lb. sacks Sebagoes, U. S. No. 1, \$3.50 to \$3.75; Louisiana 100-lb. sacks bliss triumphs, U. S. No. 1, washed, \$3.50 to \$3.75, unwashed, \$2.90; Louisiana 100-lb. sacks bliss triumphs, U. S. No. 1, washed, \$3.50 to \$3.75, unwashed, \$2.90; Louisiana 100-lb. sacks long whites, U. S. No. 1, \$3.85 to \$3.95.

CHICAGO GRAIN
Chicago, May 8 (AP)—After moving over a nearly 10-cent range, May rice today finished 10 cents lower at 12 1/2¢. Oats started at the bottom. Opening on a loss of 5 cents, the contract moved ahead until at one time it was 4 1/2¢ above yesterday's close. Toward the finish selling expanded and the final price of \$2.12 1/2¢ reflected a 5 cent drop from the previous session.

May rice was the only contract in which there were any price changes. There were no transactions in all other deliveries, but all sales were at the ceiling of 82 cents. Wheat, corn, barley and deferred rice were bid at ceilings.

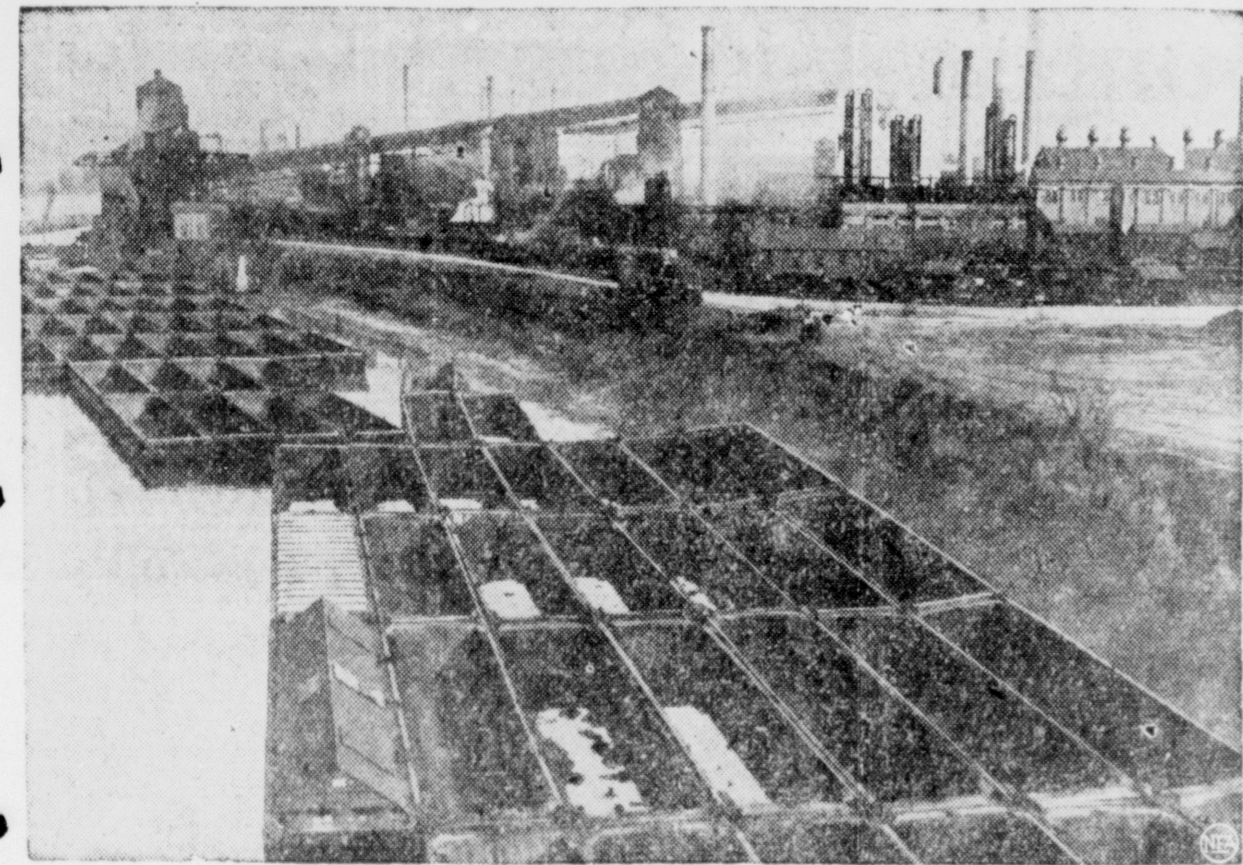

Transactions in May rice were limited and the wide price swings indicated the market's reaction to a report at the start of the session was down to 3,305,000 bushels against 5,208,000 bushels a week ago.

Holders of oats contracts showed little disposition to sell, despite the prospect that corn ceilings would be raised. Various analysts thought that would mean feeders could get more corn, thus reducing the demand for oats, holders of the latter grain reason that it was possible ceilings on oats also would be increased.

The government's weekly crop report, which showed a 12 percent increase in the southwest, where it was "mostly poor," and a 10 percent increase in the north, where it was "mostly good," was expected to move the market in another 30 days, the Production and Marketing Administration said.

Corn arrivals here today totaled 247 cars, all government bents corn. Reports from Washington said a boost in corn ceilings of between 20 and 30 cents a bushel would shortly be announced. Various analysts thought that would mean feeders could get more corn, thus reducing the demand for oats, holders of the latter grain reason that it was possible ceilings on oats also would be increased.

The government's weekly crop report, which showed a 12 percent increase in the southwest, where it was "mostly poor," and a 10 percent increase in the north, where it was "mostly good," was expected to

LACK OF COAL PARALYZES INDUSTRY
—Furnaces at the Clairton, Pa., coke plants in the background thirst for coal, but neither the barges nor the Monongahela River docks of the U. S. Steel Clairton Coke Works pictured above have any to offer. The plant, which produces

coke for steel mills in Pittsburgh-Youngstown district, normally consumes 30,000 tons of coal a day. This scene is typical of America's industrial heartland as the coal strike spreads a paralysis over the nation's steel and automotive industries. (NEA Photo.)

ROMANCE IN JAPAN — Lt. George H. Goda, 27, a Nisei from Los Angeles, Calif., marries Mitsuko Miura, Japanese movie actress, in Tokyo, in one of the first marriages of a U. S. Army officer and a Japanese girl. Capt. Free-

man Parker, Orlando, Fla., performs the ceremony. Best man is Lt. Ernest Molin, Detroit, Mich., and bridesmaid is Marie Kaneko, Detroit. (NEA Photo.)

THEY'RE MAKING JAP HISTORY — For centuries Japanese have raised hands and eyebrows in holy horror at the Occidental practice of kissing—but now we've got them doing it too. Shown above is the first Japanese movie kiss ever screened. It was made on suggestion from MacArthur headquarters that a kiss would "democratize" Jap films. Actress Hideko Mimura and Shinichi Himori carry out the suggestion. (NEA Photo.)

WHO KNOWS 'JOHNNIE DOE'? — "I wanted a child, a son of his, for fear he would not return. As things came to pass, he did not come back, and here is his son." Those words are part of a tragic note, telling of her love for a soldier, which was left by the unwed mother of the three-week-old baby pictured above when she abandoned him in a pew at St. Mary's Catholic Church, Washington, D. C. If police do not locate the mother before the year's end, "Johnnie Doe," pictured above with nurse at Gallinger Hospital, will be put up for adoption. (NEA Photo.)

Silver Recovered From Photographic Hypo With Lignin

Washington—Silver can be cheaply and quickly recovered from used photographic hypo through the use of lignin, waste product from wood. When lignin treated with alkali is poured into the hypo silver in the photographic solution quickly settles to the bottom along with the lignin. The liquid hypo is poured off, the lignin burned, and metallic silver is left.

This process, far more convenient than any used at present in salvaging silver from used photographic solutions, will be a boon to companies that develop films on a large scale. It was devised by Dr. Eduard Farber and Dr. M. Sciascia of the Timber Engineering Company, where research into lignin and other chemical phases of wood is conducted.

Only a small amount of lignin need be used, an amount equal to the silver to be saved being sufficient. This is but a fraction of the quantity of other solutions needed.

All of the silver will drop to the bottom of the solution within an hour when it is heated.

Briefly Told

Trip Postponed—Due to unforeseen circumstances it has been necessary to postpone the regular (itinerant) trip of the Social Security Board, it was announced by Carl L. Johnson, manager of that office. A representative of the Escanaba office of the Social Security Board will be in Manistique at the post office building from 8:30 a. m. to 10:30 a. m. on Friday, May 17. He will give advice and assistance to all persons on all matters pertaining to Social Security.

Ladies' Society — St. Peter's Ladies' society will hold a regular meeting this afternoon at 2:30 o'clock in the parsonage. A pot luck lunch will be served. Renovation plans will be discussed.

Card Party — The Thompson PTA will sponsor a card party on Thursday evening at Thompson.

Golden Star Lodge — The Golden Star lodge will hold a regular meeting this evening at the Maurice Hellsten home on US-2. All members are urged to attend.

Bethany Society — A regular meeting of the Bethany society of the Zion Lutheran church will be held this evening at 8 o'clock in the church parlors. Hostesses will be Mrs. Andrew Maitland and Miss Esther Soderbeck.

Legion Meeting — The Manistique American Legion, Post 83, will meet this evening in the Legion hall.

Confirmation Class — Rev. G. A. Herbert, pastor of the Zion Lutheran church, will organize a confirmation class at the church on Saturday at 9 a. m. Those interested in receiving instruction preparatory to membership in the Lutheran church are invited to enroll in the class.

HS BOY-GIRL CONFAB FRIDAY

Impressive Program Is Arranged For The Day

Through the efforts of the students, the faculty, P. T. A., and other groups, Cliff M. Drury, associate secretary of the Michigan Y. M. C. A., and Dr. Frank Slutz of Dayton, Ohio, are being brought to Manistique for the purpose of a Boys'-Girls' Conference. With the current emphasis on Youth Guidance, this conference should prove to be a real experience for high school youth.

The program, which is set for Friday afternoon at 1 o'clock, follows:

Invocation, Rev. B. J. P. Schevers.

Pledge to the Flag, Florence Hullett and Charles Mallo.

Vocal Solo, "My Task," H. K. Peterson, accompanied by Mrs. Hall.

Responsive Prayer, Audience.

Introductory Remarks, Coy Tyrrell.

Address, Dr. Frank Slutz.

Introduction of Cliff Drury, June Grimes.

Discussion Group Information, Cliff M. Drury.

Discussion Groups, P. T. A., Students, Faculty.

Closing Remarks, June Grimes.

National Anthem, Led by Mr. Drury.

Social Hour in the New Gym, P. T. A., Students, Faculty, and Friends.

Through the efforts of the P. T. A. committee consisting of Mrs. George Morton and Mrs. Earl LaBrasseur and the high school committee consisting of the faculty under the direction of Mr. Carlson the following forum group arrangements have been made. The questions to be used were proposed by the members of the student body. Each student in the high school was given an opportunity to present the questions that he wanted discussed. Various rooms in the school will be devoted to this purpose.

Educational Guidance, Russell Watson; Vocations for Boys, Joseph Heiman; Juvenile Delinquency, William Sheahan; The High School, a True Democracy, Mrs. Lottie Woodford; Vocations for Girls, Mrs. William Harvey; Boy and Girl Relations, Mrs. H. K. Peterson, Mrs. Elwood Taylor, Mrs. C. F. Anderson, Dr. George Shaw, Mrs. Cecil Moore, Mrs. Scott Creighton and Rev. Meldon Crawford; Changes in the High School Program, Mrs. Earl LaBrasseur.

The social hour and tea will be under the general direction of Mrs. Perry Hollenbeck. The social hour committee follows:

Refreshments: Helen Schust, Evelyn Lieberman, Lois Stephens, Shirley Erickson and Lois Nylander.

Serving: Donna Redeker, Joyce Repp, Marcella Miller, Eileen LaFreniere, Jacqueline Thorell and Cleo Hulshof.

Decorating: Betty Carlson, Barbara Mattlin, Joyce Pasino, Mary Gierke and Jean Hughes.

Engineering: Geraldine Ryser, Audrey Hoedel, Muriel Louis, Violet Steinkamp, Sheila Byers and Ilene Latch.

Transcribed music will be provided by Charles Mallo, George Pablodis and William Cook Jr., under the direction of Mr. Cook.

The evening program is under the direction of the Lakeside-Central P. T. A. and Dr. Frank Slutz and Cliff Drury will again be on the program. Included in the program will be musical numbers under the direction of Miss Margaret Johnson.

Lunch will be served by the mothers of the Lakeside-Central kindergartens, with Mrs. Carl Anderson as chairman.

City Briefs

Miss Joan Hayden is leaving today for Muskegon where she will be employed.

Lt. Col. John Kelly has arrived here from Dallas, Tex., to spend a week visiting with his wife and family.

Dr. and Mrs. N. L. Lindquist have left for Madison, Wis., where they will spend a few days visiting. They will visit other points south before returning here.

City Manager Is Conferring With Engineering Firm

City Manager Charles Manson is in Saginaw conferring with the Francis Engineering Company relative to an extension of street, water and sewer facilities for the City of Manistique, projects long under consideration under the head of postwar activities.

Confirmation class at the church on Saturday at 9 a. m. Those interested in receiving instruction preparatory to membership in the Lutheran church are invited to enroll in the class.

Prayer Meeting — The weekly prayer meeting of the Free Methodist church will be held this evening in the church. Rev. H. A. DeLong will be in charge.

MANISTIQUE

WILL BE HOME SOON—First Lt. Phyllis W. Klingele, the former Phyllis Welch, and her husband Lt. Martin Klingele have arrived in New York and expect soon to be discharged from the army. Mrs. Klingele is an army nurse and has spent the past three years in Trinidad and Puerto Rico. They expect to visit her parents, Mr. and Mrs. Clinton Welch, 306 Chippewa avenue, some time in the near future.

CANCER DRIVE PROGRESSING

Contributions Generous — Dr. Shaw To Give Several Talks

Gratifying response to the local drive to create interest in and raise funds for the nation-wide drive against cancer is reported by Mrs. J. J. Herbert, lay chairman for this area.

People have been generous in their contributions, says Mrs. Herbert, who reports that there will be little difficulty encountered in raising the quota of \$400 set for Schoolcraft county. Contribution boxes have been placed in stores, offices and taverns and have yielded up generous amounts. A number of pledges have also been made.

Dr. George Shaw, who recently addressed the Manistique Rotary club on the subject, is scheduled to give a number of other talks, treating the subject from a physician's angle, enumerating the symptoms, treatment in the early stages and what the national foundation proposes to do. Among his speaking engagements will be an address before the Manistique Lions club on May 14 and at a meeting of the Lakeside-Central PTA on May 16.

VALEDICTORIAN of the Class of 1946 at the Cooks Consolidated High School is Lorayne Savage, daughter of Mr. and Mrs. Leslie Savage. She is vice president of the Senior Class and has been active in basketball and glee club during her high school career.

Miss Savage made a high record in her studies, making almost an A average for her four years of high school work.

MISS MARJORIE HILLSON, daughter of Mr. and Mrs. Arthur Hillson of Cooks, has been awarded the honor of Salutatorian of the Senior Class of 1946 of the Cooks High School.

Miss Hillson, a popular member of her class, has been active in sports, Glee Club, and has excelled in other activities. Miss Hillson is also secretary of her class.

FUEL SUPPLY NEARLY GONE

Less Than 30 Tons Of Egg Coal In Entire City

Manistique residents are learning with deep concern that the local supply of coal is practically exhausted.

The Miller Lumber Company reports that its supply has been completely depleted and at the yard of the Girvin Coal and Dock Company, John Girvin, Wednesday afternoon, pointed to three small piles being sifted for stoker and egg coal requirements, stating that that is all the coal he has on hand. This entire supply amounts to about thirty tons, he said.

Other years at this season at least two boatloads of coal were received to augment the huge supply depleted by winter's demands. This spring there have been no such coal supplies available and each day that the coal strike is on adds to the depressing prospects for the future.

The Manistique Pulp and Paper Company, Manistique's largest user of industrial coal, is also feeling the stringent trend of the times. The plant will be shut down today to enable the mill to switch from the manufacture of 9-point corrugated paper to print material grades. This had to be done to comply with a government order placing an embargo on the shipment of corrugated grades. News print paper is regarded as essential material and shipment of it is given right of way over many other commodities.

Concerning the local supply of coal, R. G. Hentschell, local manager of the mill, states that he does not fully know at this time how the supply may be rated. From the present supply of coal on hand he believes that at the average rate of usage it should last about two weeks. Whether this supply can be augmented from stock supplies at Duluth and Superior he could not say, other than that ore shipments being tied up by strikes in the iron mine areas has left much unused coal in that area which may be diverted to other channels. He has hopes that some of this coal may eventually find its way to the local mill. The mill, it is expected will be down but one day for the switch to news print production.

The Ann Arbor Ferry and the Manistique & Lake Superior Railroad are still operating on customary routine, but drastic changes in the operation of these utilities are looked for on Friday when the embargo on shipment of certain commodities goes into effect. In view of the fact that lumber and wood pulp are among the articles affected by the embargo, it is reasonable to presume, say company officials, that operations on these two lines will be seriously curtailed.

Women Bowlers Outscore Men In Local Contest

Manistique women bowlers have again demonstrated the truth of the adage "The female of the species is more deadly than the male." In a match Tuesday evening at LaFollette's bowling alleys between the Wooden Goods store, a women's team, and the M & M Service men's team, the women had the best of it 2253 to 2125.

On the women's team were Marie Mattlin, Vera Seidell, Helen Smith, Pat Winston and Denyse Eck.

The M & M team was made up of Tom Grimsley, Rudolph Mattlin, Milton Bunker, Sig Anderson and Rus Pasche.

The women won two games out of three.

Log Caravan Starts Daily Trek From Seney To Gladstone

Coming restrictions on railroad shipments of logs and other timber products is responsible for the caravan of logs passing through the city since Tuesday.

The logs are being hauled from the new camp of the Northwestern Veneer and Plywood Company, located north of Seney, to the company mill at Gladstone. About 25 trucks are in service making the 115 mile haul, according to Neil McEachern, one of the camp employees.

Heretofore the logs were hauled by rail, but effective Friday, tim-

MALE HELP WANTED

Young man, with knowledge of bookkeeping or accounting for work on general ledger and cost. Splendid opportunity for right party. State age and experience in own handwriting to Box 2728, in care of Daily Press, Manistique.

MISS DOROTHY SANGRAW, daughter of Mr. and Mrs. George Sangraw, South Houghton avenue, became the bride of William W. Peehta, Allenville, at a ceremony performed April 20 in the Methodist parsonage, the Rev. Meldon Crawford, officiating.

Social

Bridge Party

Mrs. James Fyvie and Mrs. Leon Nicholson entertained a number of guests Tuesday evening at the home of Mrs. Nicholson on Range street.

Four tables of bridge were in play with honors going to Mrs. G. A. Shaw, high, Mrs. G. S. Johnson, second, Mrs. Roger Smith, third, and Mrs. Kenneth White, low.

Birthday Party

Jacquelyn Peterson, daughter of Mr. and Mrs. Victor Peterson, entertained several friends Saturday afternoon at her home on Schoolcraft avenue in honor of her seventh birthday anniversary.

Games were played and prizes were awarded to Patsy Popour, Dolly Reno and Mary Ann Frankovich. Lunch was served later from a table centered with a beautiful birthday cake.

Jacquelyn received many lovely gifts from her guests who were: Mary Jane and Adele Frankovich, Terry Linderoth, Ruth Ann Burnes, Nadine Tiglas, Beverly Gresham, Joan Benish, Dorothy Selleng, Peggy and Larry Fizeite, Mary Ann Frankovich, Pat and John Ruski, Patsy, Donna and Robert Popour, Dolly Reno, Jimmy Larson, Vicki Ann Peterson and Pat and Charlotte Fagan.

With the wide publication of his letters, "Innocents Abroad," Mark Twain became the most extensively read author in America.

her products may not be hauled by rail until the coal emergency is over.

Helps build up resistance against MONTHLY FEMALE PAIN

When taken regularly! Lydia E. Pinkham's Vegetable Compound does more than relieve monthly pain when due to functional periodic disturbance. It also relieves accompanying weak, tired, nervous, jittery feelings — of such nature. Taken regularly — Pinkham's Compound helps build up resistance against such monthly distress. Pinkham's Compound is worth trying!

REGISTRATION NOTICE

Notice is hereby given that the Board of Registrars of the School District of the City of Escanaba, Michigan, will be in session on Saturday, the 11th day of May, 1946, from 3:00 o'clock p. m. to 8:00 o'clock p. m., at the following polling places, to wit:

The First, Second, Third, and Eighth City Precincts are combined to form the First School District Precinct, at the City Hall at the corner of Second Avenue S. and S. Eleventh Street.

The Fourth, Fifth, and Sixth City Precincts are combined to form the Second School District Precinct, at the Jefferson School Building polling place, located at the corner of Second Avenue S. and S. Fifteenth Street.

The Seventh City Precinct forms the Third School District Precinct, at the Fire Engine House located on Sheridan Road.

Every citizen of the age of twenty-one or over, male or female, who owns property which is assessed for school taxes or who is the parent or legal guardian of any child of school age between the ages of five and twenty and who has resided in the School District of the City of Escanaba, Michigan, at least three months next preceding the election, shall be qualified as school elector.

Every person not already registered as a school elector desiring to vote at the regular annual school election on Monday, June 10, 1946, will be required to register at the place of holding the meeting of the Board of Registration for the Precinct in which he resides.

A diagram showing the boundaries of the school precincts is hereto attached.

CHARLES E. LEWIS,
Secretary, Board of Education.
6679-May 2, 4, 5, 7, 9, 10, 1946

WHEREAS, the City Manager has duly filed and submitted to this Council the annual budget as provided by the City Charter for the ensuing fiscal year.

RESOLVED, that said budget be forthwith printed for public distribution, as required by the Charter.

FURTHER RESOLVED, that in accordance with the City Charter, the Council hereby fixes the date of May 16th, 1946, at the hour of 8:00 o'clock p. m. for a public hearing on said budget as submitted and said hearing an opportunity will be given to all persons interested therein to be heard.

FURTHER RESOLVED, that the Clerk publish in the Escanaba Daily Press, a newspaper published and circulated in the City, a copy of this resolution once each day for a period of six days prior to the date set by the Council for the public hearing.

Passed at a meeting of the Council held May 2, 1946.

CARL E. ANDERSON,
City Clerk.

WILL IMPROVE SHERMAN HOTEL

New Owner, Ray Perring
Announces Plans For
Local Hostelry

Plans for the improvement and modernization of the Sherman hotel in Escanaba, recently purchased from the Glavin estate by Ray Perring, were announced yesterday as the new owner made preparations for continuing the operation of one of the city's most popular hostels.

The purchase included not only the hotel property but also the buildings housing the National Cash Register office, the NuWay Cleaners, and the Escanaba Chamber of Commerce.

Perring announced that M. D. Perring, his brother, is manager of the Sherman hotel, and will be assisted by his wife in the operation of the hotel.

Earl J. Rumpa, formerly of Detroit where he has been in the business of serving the public for many years, will have full charge of the dining room and banquet hall. The banquet room has facilities for serving 150 persons, and reservations for private parties will be received. Serving will start at 6:30 a. m. and continue until midnight or later. Sandwiches and other food will be served in the bar on request.

The improvement and modernization of the hotel will go forward as fast as materials are available, Perring said. One of the improvements contemplated, he said, is the installation of elevator service.

The Birds Eye Bar at the Sherman, which will remain closed until Saturday in accordance with a city council ruling, will thereafter be open from 11 o'clock in the morning until 1 a. m.

Perring said that it is a definite policy of the new management that no minors will be allowed in the tavern at any time, either alone or in company with their parents or other adults. In keeping with this policy not even soft drinks will be served to any person under the age of 21.

Ore Dock Property Cannot Be Disposed Of Yet, Says WAA

City Manager A. V. Aronson was informed yesterday by the War Assets Administration, Minneapolis, that the ore dock property here the city is interested in acquiring, cannot be disposed of until "a fair value" of the property has been ascertained.

The Minneapolis office has evidently been unable to get a definite answer from Washington officials regarding the disposition of the ore docks, but Carl O. J. Peterson, acting chief of the Real Property Disposal section, Minneapolis, said that an early decision is expected.

WAA representatives will come here, he told the city manager, to inspect the property as soon as the necessary arrangements can be made.

No Spark Plugs Needed In Engine

Washington—No spark plugs are needed in a method of igniting airplane and other internal combustion engines in a method developed by German engineers.

The method, known as the "ring-process," was designed to eliminate spark plug fouling and ignition difficulties in aircraft at high altitudes.

Ignition is effected by spraying a liquid ether into the combustion chamber at the time of the compression stroke. The liquid may be butadiol diethyl or diethyl glycol ether. It ignites at the temperature of the cylinder and thus sets off the combustible charge.

This process is one of those secured in Germany by American scientists. It is fully described in a report now available from the Office of the Publication Board, U. S. Department of Commerce.

DON'T BE A SLAVE TO CONSTIPATION

Do As Millions Do—Eat
KELLOGG'S ALL-BRAN
For Lasting Relief

Constipated? Using harsh laxative drugs? Millions have solved the problem of constipation due to lack of bulk in the diet. They eat a daily dish of KELLOGG'S ALL-BRAN, and drink plenty of water for regular elimination! If you have this trouble and will follow this simple precaution, you may never have to take a laxative for the rest of your life!

ALL-BRAN is not a purgative. Provides gentle bulk to aid normal, natural elimination. It's a great, naturally regulating food.

Even Richer in Nutrition Than Whole Wheat

Because it's made from the vital outer layers of wheat, in which whole-wheat protective food elements are concentrated. One ounce of KELLOGG'S ALL-BRAN provides more than 1/3 your daily iron need—to help make good, red blood. Calcium and phosphorus—to help build bones and teeth. Whole-grain vitamins—to help guard against deficiencies. Protein—to help build body tissue essential for growth.

Get ALL-BRAN at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

POTENTIAL KILLERS—William Anderson of Lathrop keeps eight potential killers under control—three male and five female coyote pups he caught recently near his place in a hollow log. The pups were brought to the district conservation office in Escanaba to claim the state bounty payment. Conservation reports indicate that the number of predators in the Upper Peninsula increased during the war years.

Deodorized Gas Endangered Bank

Denver—A disastrous explosion might have been the price of a new bit of information about city gas chemistry. If one of the bank clerks had been tempted to light a cigarette while he was working in that underground vault—

Here's the story: Clerks in a Colorado bank complained of headaches and nausea when they worked in the cellar vault. No odor was noticeable, so at first gas was ruled out as a cause. Finally, however, the State Division of Industrial Hygiene had an instrumental test made. It showed air pollution by combustible gas close to the explosive limit.

Gas used in this locality is a nearly odorless natural gas. To give warning of leaks, a pungent-smelling compound, known technically as a calorant, was mixed with it. Gas men believed that nothing could remove this warning substance.

The gas that got into the vault was traced to a leaky main about 50 feet from the bank. It apparently seeped through the moist sandy subsoil, following a six-inch water pipe that passed through the vault, gaining entry via an apparently tight joint between the pipe and the concrete wall.

Later laboratory tests showed that the "calorant" gas could be deodorized by passing it through a mass of moist sand, thus confirming the field conclusions.

Twins number 1.07 per cent of the babies born in the United States. Twenty per cent of these are said to be twins of identical type.

The catkins that dangle from many trees in spring are inventions of nature, especially designed to whip in the breeze and scatter pollen.

Australia exports about 70,000,000 rabbit skins annually to the U. S. for the manufacturing of felt hats. Each hat will use the material of from three to four skins.

PASSENGER TRAIN SERVICE CURTAILED TO CONSERVE FUEL

In compliance with Order No. 60 issued by the Office of Defense Transportation to conserve, as far as possible, the shrinking fuel supply, railroad passenger train service is being drastically changed, effective Friday, May 10th and still further reductions are being made effective Wednesday, May 15th.

In planning travel, be sure to consult your local railroad agent or travel agent, who has information concerning these changes.

Naval Vets Listed As Job Applicants By USES This Week

As an aid in assisting returned veterans with their employment problems, the U. S. Employment Service here inaugurated a new feature of its "Help a Vet Find a Job" drive last week by selecting the names of two veterans from its files and presenting their qualifications with the hope that work can be secured for these applicants which is commensurate with their skills and abilities.

Many of Escanaba's returning veterans are either skilled or semi-skilled, USES officials say, and as such, could prove of real value to local employers who are expecting to increase their personnel.

The first applicant this week was a member of the Waves, and had nearly 25 months service; during that time she worked as a clerk, typing, filing, doing correspondence work and handling general office duties. She would like work in this community as a stenographer and has had a total of three years experience in that field.

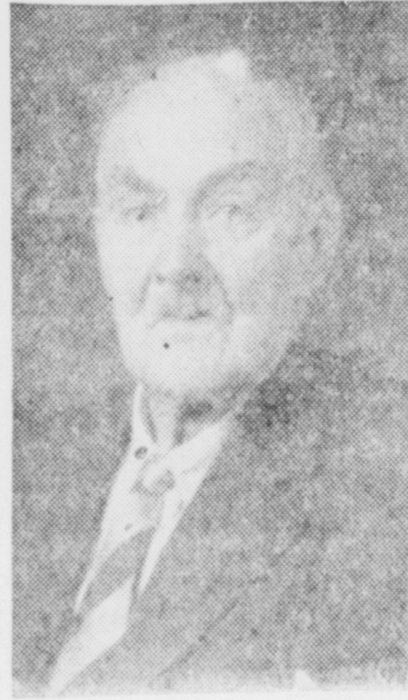

Applicant "B" is an unmarried veteran, 21 years of age, who is seeking employment in this area as a radio repairman. He is a high school graduate and while in the navy had 42 weeks' experience in repairing and maintenance of radio and radar equipment. He also had a total of 680 hours general shop training and 528 hours experience in a lathe. He is familiar with the use of radio testing equipment, calipers, scales and can read micrometers.

Potential employers who feel that these applicants are not fully qualified to assume positions they may be considered for, are reminded of the possibility of giving the applicants on-the-job training to meet their particular needs. In most instances an on-the-job training program can be set up by any employer for a position where there is a learning process involved for a veteran who is not fully qualified.

Any employer who is interested in further information concerning on-the-job training or in interviewing the above applicants, is asked to call or write the USES office here.

Of the 650,000 miles of surfaced roads and streets in the United States 500,000 miles are covered with asphalt.

The ancient Romans were in the habit of drinking the flowing blood of the gladiators as a cure for epilepsy and other ills.

DIES AT 92—Louis Jolly, 92, resident of Cornell, died yesterday morning at 2:30 o'clock at the home of his daughter, Mrs. Eugene Charles. He had been ill for the past two years.

Mr. Jolly was born April 10, 1854, at St. Celeste, Quebec, Canada. He came to this country 55 years ago, and made his home in Ishpeming and Gladstone for several years. Since that time, he has resided in Cornell.

He was a member of the Holy Name Society and of the Holy Family church at Flat Rock.

He is survived by one son, Joseph, and one daughter, Mrs. Charles, both of Cornell. He also leaves one grandchild and five great-grandchildren.

The body was taken to the Allo funeral home, where it will be in state this afternoon. Funeral services will be held Friday morning at 9:30 o'clock at the Holy Family church of Flat Rock, the Rev. Fr. Matt Lavolette officiating. Burial will be in the Flat Rock cemetery.

The Egyptian papyrus, "The Book of the Dead," written about 1500 B.C., is the earliest known illustrated work.

Ulrich Funeral At Neenah, Wis., Friday Afternoon

Funeral services for Edward Spencer Ulrich, 41, Chicago and North Western railway engineer, who died in St. Paul, will be held at the Westgor funeral home in Neenah, Wis., at one o'clock Friday afternoon.

Mr. Ulrich was born May 1, 1905. He first entered the service of the North Western railway in the engineering department on Aug. 1, 1927, and had held responsible positions in that department at the Galena, Wisconsin, Madison, Dakota and Peninsula divisions. He had been employed at Escanaba continuously from Jan. 13, 1937, until his recent promotion on May 1 as assistant division engineer of the Western division of the Chicago, St. Paul, Minneapolis and Omaha railway with headquarters at St. Paul.

Mr. Ulrich was a graduate of the University of Wisconsin and was affiliated with the Elesha

Ken-Kane Lodge No. 61, F. & A. M., of Neenah. He was a member of the Highland Golf club and was fond of hunting, fishing and other outdoor sports. During his residence in Escanaba, he won the respect and confidence of all Chicago and North Western railway officials and friends.

He is survived by his parents, Mr. and Mrs. Frank Ulrich, 221 West Doty street, Neenah, and his widow, Lucille.

Hospital

Mrs. Elizabeth Sauer of 210 South Eighth street is a surgical patient at St. Francis hospital, where she submitted Tuesday afternoon to an operation for the removal of her left eye. She is not permitted to receive visitors.

Mrs. Willard Bero, 604 South 17th street, was admitted at St. Francis hospital as a surgical patient.

Ray LaPorte, 716 South 17th street, is a surgical patient at St. Francis hospital.

Glass eyes were used by the Romans and Egyptians.

News From Men In The Service

Mr. and Mrs. Adolor Boudreau, 818 Second avenue south, have received word that their son, Adolor Jr., S 1/C. U. S. N., is in a hospital in the Aleutian Islands.
